VOL. LV OAKLAND, CALIFORNIA, WEDNESDAY EVENING, MARCH 19, 1902 NO.

AGUINALDO WANTED TO LIVE LIKE KING IN MANILA PALACE.

AMERICAN OFFICERS WOULD NOT STAND FOR SUCH A PROPOSITION AND THE INSURGENT LEADER LET DOWN EASY.

WASHINGTON, Mar. 19.—General Otis continued his testimony before the Senate Philippine Committee today. Referring to his order of September 8, 1898, directing the withdrawal of the insurgent troops outside the defenses of Manila, General Otis explained that a commission from Aguinaldo's Cabinet visited him.

Gave Aggie the Laugh.

In the discussion which followed, he said, they did not mention the fact that the town was immediately adjacent to Manila were not a portion of the city. He classed as ridiculous Aguinaldo's request to receive a portion of the northern part of Manila occupied by the Spaniards for something in the southern part of the city held by the insurgents.

The Blockhouses.

General Otis said he did not give the insurgents actual permission to occupy the blockhouses which Aguinaldo claimed had been given. What had been said was: "I don't care anything about the blockhouses. We are going to take possession of them."

Aggie and the Palace.

General Otis said that Aguinaldo had demanded of General Merritt the right to occupy the palace and to make appointments in the civil government, which caused General Merritt to cable to Washington for instructions. The reply was that there must be no dual occupation of Manila.

It Meant War.

General Otis then detailed the circumstances attending the capture of Iloilo, the offer of the Spanish General Rios to hold the place against the insurgents pending the arrival of United States troops and the capture of the town by the Visayans before the arrival of the United States troops. Aguinaldo, he said, was overjoyed when he learned that the detachment had been sent out, because he (Aguinaldo) declared that the first shot would be fired at Iloilo, which would bring on war between the United States and the insurgent forces. General Otis said he had cabled Washington saying that the taking of Iloilo meant war in the islands, and had received one response to defer action, which he did until the insurgents made war on the United States forces in Manila. He had, he said, issued his proclamation extending military authority to all parts of the archipelago under instructions from the President.

To Protect Lives.

Senator Rawlins sought to show that many of the things done by the United States military authorities were in contravention of the protocol, but General Otis explained that he felt it his duty to protect lives and property.

The committee adjourned until 2:30 P. M., in order to permit General Otis to conclude his testimony today.

LOOKING FOR MURDERER.

BAKERSFIELD, Cal., March 19. — The local authorities are still making a determined effort to locate Arthur H. Brady, the murderer of Bert Webb at McKittrick. Sheriff Borgwardt has offered a reward of $50 additional to that of $300 offered by the Governor for the arrest and conviction of the man.

UNION LABOR WILL NOT STAND FOR HOLDING UP COUNTY OFFICIALS.

Warm Toasting For a Man Who is Posing as a Union Leader.

EDITOR TRIBUNE:—On behalf of the Building Trades Council of Alameda county, we desire to disclaim all sympathy or connection with a publication printed in Oakland, miscalled the "Union Labor Voice," and edited by one A. W. Atherton, who was kicked out of the Berkeley School Department for misconduct. This sheet does not represent the principles of unionism nor reflect the opinions of decent members of the trades unions. Its methods are as repugnant to the true principles of Unionism as they are contemptible in the eyes of all honest men.

This sheet attempts to secure patronage and to collect tribute from office holders and politicians under pretense that it speaks for union labor.

The pretense is false, and the manner in which it is put forth and the disreputable purpose it is made to serve is an insult to the honest manhood of the trades unions. The scurrilous attacks its editor makes on public officials who do not reach his favor through his pocket carry their motive on their face. They are notice to come to the captain's office.

Union labor is not in that kind of business. It is not holding up candidates, nor venting abuse on officials who have performed their duty. Least of all is the object of their organization seeking the spoils of office or the blackmail of politicians.

Our only object in noticing this sheet is to deny that it in any way reflects the policy, opinions and character of the men who belong to trades unions, and who honestly strive to maintain the dignity of labor and the manhood and independence of the workingman. Above all things, it is the principle of unionism to be honest and fair and manly, and its objects are more social than political. Its motto is all for one and one for all. It was never contemplated that the trades unions should be used for the profit of some individual hanger-on, who masks his unworthy purposes under the false and libelous pretense that he speaks for labor.

In its last issue this misnamed and misbegotten publication makes a personal assault on several county officials under the guise of speaking for workingmen. There is not an assertion in the whole diatribe that indicates that any one of the men attacked have ever done anything inimical to union labor. It is all pure abuse, and the purpose of it is plain. We do not advocate the election of any candidate nor presume to say how members of the trades unions should vote—that is a matter for their individual judgment to decide. But we do say that such attacks are not sanctioned by the Building Trades Council and affiliated unions. When we have any complaint to make against any public official, the reasons will be plainly stated, and the facts on which they are based set forth that the public may judge as to whether they are well grounded or not. Respectfully

BATTLE OVER THE NEW POSTOFFICE RESULTS IN REMOVAL OF HOYT.

Contractor and Government Inspector Disagree—Is Hoyt a Crank?

It is announced that W. T. S. Hoyt, Supervising Architect of the Treasury Department, in charge of the construction of the new postoffice, has been transferred to Cheyenne, Wyoming, where he will assume charge of a Government building now in course of construction. His successor in Oakland has not been named yet. In the meantime the officials in charge of the new postoffice in San Francisco have been notified to take direction of the work on the Oakland building. Mr. Hoyt's duties here will cease on the 20th instant (tomorrow).

Behind this simple statement is a long story. It is quite likely that Mr. Hoyt's transfer is a mere preliminary to dropping him from the service.

The Cheyenne building is partially completed, and it is suspected that when it is finished Mr. Hoyt will be out of a job. He will receive a polite note from the Treasury Department stating—with proper regret—that the Government has no place open for the utilization of his valuable services.

Mr. Hoyt has a happy faculty of arousing antagonism. Ever since work began on the Oakland postoffice he has been at sixes and sevens with Contractor A. E. Barrett. Their disputes have repeatedly been carried to Washington, and in each case the contractor was upheld and the architect turned down. It is said that Mr. Hoyt is a natural fault finder, and makes great issues of petty trifles. Many of those who come in contact with him bluntly say he is a crank.

Prior to coming here, Mr. Hoyt had been Government Purchasing Agent in Topeka, Kansas, and had also supervised the construction of the new postoffice there. He was detested by the merchants and contractors in the Kansas capital. Many of the merchants refused to deal with him because of his penchant for cutting bills down on slight pretexts. The Treasury Department was bombarded with complaints while he was in Topeka, where he obtained the reputation of being a cranky, impractical person.

In Oakland he has maintained the reputation he established in Kansas. His contentious spirit caused him to be immediately dubbed as a crank. His peculiarities caused a suspicion that his mind was hazy and in the complaints sent to Washington regarding his actions this opinion was stated.

At any rate, it is believed that Mr. Hoyt's removal to another sphere of action is regarded as the culmination of the numerous disputes he has had since he came here. Contractor Barrett refuses to discuss his troubles with the supervising architect beyond admitting that there had been some differences between himself and Mr. Hoyt which had been referred to Washington. As these differences have been adjudicated and Mr. Hoyt transferred, the contractor preferred not to talk about the matter. Mr. Hoyt could not be found at his office nor at the postoffice this morning, and therefore it could not be learned what he had to say on the subject. He has stated to others that he would leave immediately for Cheyenne.

FAIR TRUST FOUND TO BE INVALID.

Millions of the Late Senator Will Now Go to the Heirs.

SAN FRANCISCO, March 19.—The Supreme Court has declared the trust clause of the will of the late Senator Jas. G. Fair invalid, and the property will be distributed to the children. In the lower court it was found that the provision of the will for the creation of a trust was invalid. The executors under the will appealed to the Supreme Court, which affirmed the judgment of the subordinate tribunal.

A petition for a rehearing was heard and granted and the case again went to the Supreme Court.

The millions of the Fair estate will now be distributed to the children of the testator, Charles L. Fair, Mrs. Herman Oelrichs and Mrs. W. K. Vanderbilt. A few minor bequests are in the will.

The Fair estate is said to be worth twenty millions of dollars.

Justice McFarland wrote the opinion, which was concurred in by Justices Van Dyke, Garoutte and Henshaw. Chief Justice Beatty and Justice Harrison dissented but submitted no written opinion.

The point upon which the contention of the trustees as to the validity of the personality trust is overruled is that, while it as a separate section of the trust might hold, its operation would effect an end opposed to the wish of the testator.

NEW HOME OF WM. J. DINGEE

Handsome Residence in San Francisco is Nearly Completed.

SAN FRANCISCO, March 19.—Within the past few years building operations in San Francisco have been confined generally to business, apartment and rooming houses. There have been a large number of homes of moderate cost also, but magnificent residences for private occupancy have fallen behind, no doubt owing to the spirit of investment which appears to have governed widely. Hundreds of homes have been built with the object of letting portions for rooming purposes, and in many of the larger ones constructed in formers years provision has been made for sub-letting portions of them

A notable exception to the pevailing custom, however, is the magnificent home which William J. Dingee, president of the Contra Costa Water Company, is now completing at the southeast corner of Franklin and Washington streets.

When Mr. Dingee's palatial residence in Hays' canyon in Oakland, was destroyed by fire, he decided to make his abiding place henceforth in this city. He paid $75,000 for the Baker estate property at the location named, and a year and a half ago commenced to improve it. The residence of the Bakers has been practically reconstructed, and is now one of the most magnificent in San Francisco.

The lot on which it stands faces 167.8 1-2 feet on Franklin street and 124.3 feet on Washington street. The building has two stories and basement. Architect W. J. Mathews of Oakland drew the plans for the reconstruction of the building.

There is a magnificent entrance in Mosaic inlaid. On the lower floor are immense reception halls, vestibuled halls and promenade halls in polished curly redwood. On the second floor are a large number of paneled and inlaid halls, each suite having separate baths in tiling and inlaid. The fresco ing throughout is described as being remarkably beautiful.

In the basement a large billiard hall and bowling alley have been placed. The dining hall, said to be the most expensive in the city, is capable of seating fifty guests. It is inlaid in walnut and paneled in silver. The conservatory, a half oval, is reached from this hall.

The kitchens, laundry and heating-room are conveniently arranged. The interior of the building has been painted a dark shade, sprinkled with sparkling sand and isinglass.

Mr. and Mrs. Dingee expect to occupy the new home in about one month from now. The outlay is said to be $200,000. With the appreciation in property values since the lot was purchased, the property is doubtless worth a quarter of a million dollars today.

He is a wealthy and public spirited citizen with large interests in the Hawaiian islands. His name adds strength to the already strong directory of the Central Bank.

RIOTERS SENTENCED.

ST. PETERSBURG, Mar. 19.—Eighty-seven of the persons who were arrested here Sunday last for rioting have been sentenced to three months' imprisonment. The prosecutions of the ringleaders are still pending.

IS THE FIGHT A BIG FAKE.

Things Look Queer and the Public is Weary of the Bluffs by Jeff and Fitz.

Up to noon today nothing was heard from either Jeffries or Fitzsimmons regarding the bids invited and asked for by these two heavy weight boxers and prize newspaper artists. They set Saturday, March 15th, as the day and the Examiner office in San Francisco and the Journal office in New York as the places for bids to be received and opened. Clubs from San Francisco and Los Angeles complied with every request, demand or favor asked by the two stars. Business-like offers of purses and percentages with certified checks from reputable banks were placed in the hands of the sporting editor of the Examiner in good faith with the distinct understanding and wording that the most liberal offer coming from the most substantial source, backed by a reasonable guarantee would be the one accepted and there was nothing said or done before the time the bids were opened to indicate that the best bid would not be accepted at once or at least within twenty-four hours of the time it was made public.

"Now, Gentlemen, Money Talks."

Messrs. Morley, McCarey, and Brink of the Century Club of Los Angeles unquestionably had the best offer opened in that bunch of bids Saturday and beside offering the most illegal financial inducements they presented a business front and standing unequaled in the history of prize ring matters. They offered no promises of *bonds or guarantees. They simply* put up the cash and said: "Now, gentlemen, money talks."

Hot Air Talks Over Wire.

Well, there has been considerable talk since the three thousand miles of leased wire, telephone and every other old way by the fighters and their managers but that offer from Los Angeles has not yet been accepted, or, so far as interviewers and newspaper ingenuity can learn, even considered. Billy Delaney who is the local representative for Jim Jeffries said this morning that he knew nothing new about the matter and he was was tired of seeing his name in the paper every day; that when he heard anything new he would gladly make it public.

Here Is the Charge.

It is the public that makes it possible for these big fighters to make a living at their game and the public has a right to fair treatment in a matter involving a world's championship. Well informed sporting men made the charge long before the bids for the proposed contest between Fitzsimmons and Jeffries were opened that the fight was made up and fixed expressly for Promotor Jim Kennedy and his amalgamated clubs. The Yosemite and San Francisco. That charge was printed in these columns several days before the bids were opened. It was said then in cold type that the opening of bids was a farce and a move made only to deceive the public and that no matter what club had in the highest bid some excuse would be found to give Kennedy's interests the contest. That story came from the lips of sporting men of unquestionable integrity. How does it appear to the reader now?

Is It on the Level?

Fitzsimmons sits at one end of the Continent and, like the boy in the homely story, has not a word to say. Jeffries is visiting his home in Los Angeles and according to the press dispatches is making frantic efforts to get some expression from Fitzsimmons but with all the effort and pretence of Jeff and his manager the fact remains that they have done nothing beyond obtaining an extension of time from the Los Angeles Club on the bid that should have been accepted at once, all things on the level. If the public tires of this sort of thing, and if the authorities step in and put a stop to the whole business there will be nobody to blame but the fighters themselves. Jeffries said recently, privately, that if he could not arrange a match with Fitzsimmons or Sharkey he would retire from the ring. He might better make that announcement publicly and make it decisively enough to bring Fitz to terms and [illegible] his name from the mess [illegible] for this contest has tangled him with.

RAISING AMERICAN FLAG AT ST. THOMAS

Congress to Provide a Government for the Danish West Indies.

WASHINGTON, Mar. 19.—Although the details of the permanent government for the acquisition of the Danish West Indian islands have not been perfected, the discussion of the subject by the Cabinet has indicated a purpose on the part of the President to enact a provisional government in the islands at the outset. The American flag having been raised by an officer of the army or navy (just which is not yet certain, though it may be noted the United States gunboat Machias is now at St. Thomas), some person, probably a civilian, will be dispatched from the United States to take charge of affairs as provisional Governor of the islands. Meanwhile a scheme for a permanent government will be submitted to Congress, probably approximating the Porto Rican government act, and if this is acted upon, a permanent government will be installed before the end of the fiscal year.

EASTERN VISITORS VIEW SACRAMENTO

Many Excursionists Enjoy Themselves in the Capital.

SACRAMENTO, Mar. 19.—A large party of Raymond and Whitcomb excursionists, most of whom came from the New England States, were entertained in this city this forenoon by H. A. French, manager of the Chamber of Commerce, and Albert Gallatin, president of the Sacramento Electric, Gas and Railway Company. The latter tendered the use of a number of street cars to take the visitors on a sight seeing trip to Capitol Park, Sutter's Fort and through the residence streets.

RHODES IS WEAKER.

CAPE TOWN, March 19.—Cecil Rhodes is slightly weaker today. The exceptional coolness of the weather and the free administration of oxygen contributed to the patient passing a quiet night.

He no longer reads.

Mr. Rhodes was much pleased at the receipt of the messages of sympathy sent to him by King Edward and Queen Alexandra.

CHAMPION JEFF GIVES FITZ UNTIL TONIGHT TO ANSWER.

Latest Tip is Given Out By William Delaney, the Trainer.

At 2 o'clock today, Billy Delaney, manager for Champion James J. Jeffries has this to say about the fight:

"We have given Fitz until this evening to answer us. Jeffries himself sent a personal wire to Fitz asking what his intentions were, but as yet he has received no answer. They tell me that the Supervisors of San Francisco will allow the fight to the club giving the most money to charity. Such a proposition as that can't be considered for a moment. We intend to benefit our purses as well as our health in this business, and the San Francisco proposition would benefit our health only."

"If Fitz is afraid of the referees out here, we are willing he should bring any reputable Eastern man out with him. As agreed upon the club making the highest bid was to get the fight, but if Fitz isn't satisfied, we will accept any reasonable offer from any club."

On being asked what man Jeffries would take on if Fitz did not fight, Mr. Delaney said:

"We are willing to make a match with Sharkey or any man the public likes. However, Sharkey seems to be flagged with the 'Frisco people and Corbett is tied up in vaudeville and contracts will not let him fight. So I guess Jim will have to retire if Fitz does not get enough heart together to answer before tonight."

UNCLE SAM IS AFTER DIMMICK.

United States Will Send a Prosecutor From Washington.

SAN FRANCISCO, March 19.—John E. Wilkie, head of the United States Secret Service, and James M. Beck, Assistant United States Attorney-General, have notified Government officials here that they will leave Washington within a few days to come to this city to assist in the prosecution of Walter N. Dimmick, charged with embezzling $30,000 from the United States Mint. The trial will commence before Judge De Haven in the United States District Court on April 10.

[Dimmick is ex-Chief Clerk of the United States Mint. He was a resident of Oakland and a member of the Municipal League of this city when he was appointed to the position of Chief Clerk by Superintendent Leach. Dimmick's relatives reside in Oakland. The defendant is now in the Alameda County Jail. He has already been convicted on two minor charges and the cases are now up on appeal. Dimmick and his friends will make the effort of their lives to try and beat the Government at the coming trial. It is stated that the Government desires to make an example of Dimmick.]

POLICE HAVE QUIET TIP.

Find Signature of Nora Fuller's Murderer in a Register.

SAN FRANCISCO, March 19.—Two signatures written by "C. E. Bennett" on a hotel register by the police yesterday and Theodore Kytka, the handwriting expert says they have a striking resemblance to the writing in the signature "C. B. Hawkins" that was written by the men who rented the house at 2211 Sutter street, where Nora Fuller was murdered and where her body was found. The police refuse to tell at which hotel the signature of "C. E. Bennett" was obtained, but the inference is that it was at some point outside the city in this State.

WOOLSEY BUILDING LEASED FOR TEN YEARS

W. S. Mackie Will Occupy It All With a Huge Furniture Store.

Another big store is to be opened in Oakland. W. S. Mackie, who has been conducting a furnishing department in connection with Salinger's big store on Washington street, has leased the three story brick building on Fourteenth street, adjoining the Central Bank, belonging to Dr. E. H. Woolsey, and will open a large establishment for the sale of furniture, carpets, etc. He will fit up the two floors for sales and warerooms, and will in every respect conduct a complete modern mercantile establishment.

On the ground floor are three large stores, and these will all be occupied by Mr. Mackie, who intends to carry a very large stock of house furnishing goods. He has leased the building for ten years, and will make alterations in the interior to conform with the convenience of his business. The lease was negotiated by Woodward, Watson & Co. The rental income warrants the statement that the building is one of the best pieces of business property in the city. The location is a very desirable one, and the fact that so shrewd and experienced a business man as Mr. Mackie has taken a long lease at a stiff rental speaks highly for the business outlook in Oakland. It is also another indication of the tendency of business to center in the neighborhood of Fourteenth and Broadway.

The work of altering and fitting up the building will be commenced at once.

OAKLAND MAN IS KILLED BY THE ALAMEDA LOC

AUGUST WEBER OF 409 NIN STREET DID NOT SEE THE TRA COMING AND HE WAS RU DOWN AND CUT UP.

ALAMEDA, Mar. 19.—This morning a man supposed to be August Weber of 409 Ninth street, Oakland, was killed by the up-bound 7:10 broad gauge train. The accident occurred at the corner of Ninth street and Railroad avenue as he was walking towards Alameda between the double tracks.

Just as the train came around the curve the man stepped between the rails of the track on which the train was moving. Engineer Hammond, seeing him ahead, blew the whistle frantically, but to no avail. People on the street screamed to the man on the track, but he did not hear them. Engineer Hammond threw on the reverse, but the big machine struck the man square in the back and death was probably instantaneous. For twenty feet the train slid along before it came to a stop, the body being dragged beneath the engine that distance. When the body was pulled from beneath the wheels life was extinct.

The body was badly mutilated, being held together by the clothes. Both feet were cut off, while the right leg was severed at the knee. The back of the head was crushed, which is the place the was probably struck first, and the blow no doubt caused instant death.

The accident was witnessed by G. Gottstein of 708 Haight avenue and Adam Brandes of 753 Railroad avenue, both of whom had tried hard to inform the man of his danger.

Engineer Hammond, who did all in his power to save the man, was badly upset over the sad accident. Robert Owens Jr. was conductor of the train.

The local branch morgue was informed of the accident and the remains were gathered up and removed to that establishment.

The man wore a gray coat which was a canvas coat, then a roundabout, and beneath the black and white striped work The trousers were also of stri rial, over which was worn dark He wore a black engineer's cap.

A RAILROAD FOR PERU.

MILLIONAIRE HAGGIN TO BUILD ONE TO HIS MINING PROPERTIES.

SAN FRANCISCO, Mar. 19.—The Post says:

J. B. Haggin, the mining man, is contemplating the construction of a railroad in Peru. Some time ago the Haggin-Twomey syndicate secured possession of valuable mining properties near Sierra Pasco, Peru, and plans are under way for working the mines on an elaborate scale. Years ago Victor Boque, the railroad engineer, who left here last night for Nevada to arbitrate the Harriman-Clark trouble, made a survey in Peru for a railroad from Arroya to a point near the Sierra Pasco mines, a route which J. B. Haggin has discovered would be most valuable to the syndicate in its plans for carrying its ores to the coast.

Shortly after Engineer Boque arrived here from New Zealand a week ago, he received a telegram from J. B. Haggin in New York requesting him to hurry Eastward for the purpose of conferring there concerning the construction of the road. He will go to New York as soon as his work in Nevada is completed.

SACRAMENTO BADLY NEEDS A NEW HOTEL

Traffic Manager McCormick Has Become an Enthusiast on California Immigration.

SACRAMENTO, Mar. 19.—E. O. McCormick, the passenger traffic manager of the Southern Pacific Company, is an enthusiast on the subject of peopling the northern and central portions of California, which have thus far received comparatively little attention in the East. It is confidently predicated by those who are familiar with his ability and his Eastern record, that if given a few years time and a free hand, he will accomplish wonders in this line. His department has become, for the time at least, an immigration bureau, and the time of himself, of T. H. Goodman, general passenger agent, and of J. R. Thornburgh, assistant general passenger agent, is given up largely to formulating and putting into operation plans looking to attracting people to this State for investigation and settlement.

Mr. McCormick said in an interview with a Bee reporter that one of the needs of this part of the country, particularly in the Capital City, was a large modern hotel. He said if the people of Sacramento would organize and put up such a building the would take $10,000 worth of stock.

SENATORS DISCUSS PRESIDENT KILLING

Spooner Says Not Treason, But Crime Against the Government.

WASHINGTON, March 19.—Replying to the argument of Senator Bacon, Mr. Spooner said today it did not follow because under the act of Edward III, assassination of the King of England or attempted assassination of the King was treason. An assault upon the President, however, was a crime against the Government and he did not think the Government was disabled by the Constitution from punishing it as a crime. By its very nature it was an insidious assault upon the sovereignty of the United States whatever may be its motive.

Other bills were passed as follows:

For holding terms of court in the District of Utah; to ratify an agreement with the Indians of the Devils Lake Reservation in North Dakota.

The Senate then resumed consideration of the bill for the protection of the President.

Mr. Spooner of Wisconsin addressed the Senate in support of the measure, dealing especially with the legal and constitutional questions involved.

JEFFERSON CITY, Mo., March 19.—In the Supreme Court, sitting en banc today an opinion was handed down declaring that Courts of Equity have no power to enjoin labor organizations from enforcing boycots on corporations.

The Supreme Court holds that if the labor unions of the State are not permitted to tell the story of their wrongs or their supposed wrongs by word of mouth or with pen or print, and to endeavor to get out persons to aid them by all possible means to secure the redress, free speech is denied.

HOW BURGLAR WAS CAUGHT BY OWNER

Saloon Keeper Catches a Thief and Beats Him With a Club.

SAN FRANCISCO, March 19.—J. J. Sweeney, the proprietor of a saloon at 111 Second street, took the law into his own hands very effectively last night when he waylaid a burglar at his place of business, watched him help himself to certain merchandise and then clubbed him into insensibility. When Policeman A. T. McQuaide, in passing the saloon shortly before dawn today, heard a great commotion inside and entered to ascertain the cause, he found Sweeney on top of the prostrate thief, club in hand, and waiting for relief. Sweeney need not have been so energetic, however, as his man was stunned even as he held him fast.

The prisoner was taken first to the Receiving Hospital, where his wounds were dressed and where he was revived. Then he was taken to the City Prison, where he gave the name of William White, and was booked on a charge of burglary. Several bottles of liquor he had stolen were booked as evidence.

Sweeney states that he has been missing small quantities of liquor for a long time and that he concluded to catch the responsible party himself. He closed up his place at the usual hour this morning, then, instead of going home, lay down by the front door and awaited developments. After a wait of some hours, Sweeney heard a key turned in the side door of the place and saw a man enter. The burglar hurriedly gathered up some bottles of liquor and was about to depart when Sweeney felled him with a blow upon the head.

SENTENCE OF JAPS DEFERRED A WEEK.

The case of Myogana and Furokana, two Japanese who were found guilty of extorting forty dollars from a countryman named Takimoto in Alvarado, was continued until one week from today. The defendants were to have been sentenced this morning. Assistant District Attorney Harris said the defense desired a postponement and that the State offered no resistance.

The purpose of the delay on the part of the defendant is to have the testimony written up, to enable counsel to argue a motion for a new trial on the ground of the insufficiency of the evidence.

HEAVY COST OF POLICE.

NEARLY MILLION AND A QUARTER FOR THE SAN FRANCISCO FORCE.

SAN FRANCISCO, March 19.—According to Chief of Police Wittman, the needs of his department for the next fiscal year will amount to $1,207,421, of which $1,143,861 is for salaries. Provision is asked for five police captains, twelve lieutenants, seventy corporals, twenty detective sergeants and 684 patrolmen.

It is the ambition of Mayor Schmitz that the 8-hour law should prevail in the police department, even though the innovation will necessitate an increase of the force.

In a letter addressed to the Police Commissioners and read before that body, the Mayor asked that, in making the budget for the next fiscal year, estimates be made upon the 8-hour basis for every man of the department.

The estimates submitted by Chief of Police Wittman does not provide for an 8-hour day for policemen.

CAR LINES MUST ISSUE THE TRANSFERS

Chicago Court Decides Street Railroads to Be Under Municipal Control.

CHICAGO, March 19.—Judge Ball, in the Circuit Court, today entered a ruling in which he holds as valid the city ordinance compelling the Union Traction Company to issue transfers on all its lines and systems. The Union Traction Company, among other things, was formed chiefly for the purpose of operating in harmony with the West Chicago and the North Chicago Street Railways—two distinct systems. If sustained, Judge Ball's ruling will allow a passenger to travel from the West Side limits to the terminus of the North Side line on the payment of one fare where two had been paid before. Incidentally, the Court holds that the municipality has the legal right to regulate street car fares. The case will go to the Supreme Court.

PLAINTIFF FILES DISMISSAL OF SUIT

A Big Land Case in Merced County Is Fnally Settled.

SAN FRANCISCO, March 19.—The suit of John F. Lassing against the Simon Newman Company to set aside deeds made by Lassing to Newman for over 1,800 acres of land in Merced county and for an accounting, came on for trial before Judge Seawell in the Superior Court today. The attorney for the plaintiff announced to the court that he had filed a dismissal of the action with the County Clerk.

SULTAN REFUSES TO PAY THE RANSOM

LONDON, March 19.—A dispatch to the Exchange Telegraph Company from Constantinople says:

MAYOR BARSTOW IS TRYING TO ECONOMIZE

Mayor Anson Barstow purposes to make strenuous efforts to reduce the threatened deficits in the city's finances. This morning he requested the Chiefs of the Police and Fire Departments and the Superintendent of Streets and of Fire Alarm and Police Telegraph to prepare reports showing how much, if any, the current expenses of each department could be cut down.

"Something must soon be done," said the Mayor, at the meeting of the Board of Public Works. "I think if the heads of the several departments figure closely they might find a way to materially decrease expenses. Take the City Electrician, for instance. He may make a reduction in street lighting by turning off a portion of the lights of the city after midnight.

"Again, the Street Superintendent may find a way to reduce expenses in street sweeping. He might find that it would be sufficient to sweep some of the streets every other night instead of every night, as at present."

The Mayor's suggestion was made after the adoption of a resolution directing the Superintendent of Streets to lay off the cross-walk gang after March 15.

LYNCHERS ARE RELEASED.

JUDGE HARRINGTON GRANTS MOTIONTO DISMISS ALL INDICTMENTS.

ALTURAS, Cal., Mar. 19.—This morning Judge Harrington made an order dismissing the indictments against all the defendants in jail on a charge of implication in the Lookout lynching, and they are now released from custody. The reason given by the Court for dismissing the indictments is that the defendants were not brought to trial within sixty days after filing of the indictment. The scene was very impressive when Sheriff Street unlocked the door of the jail and announced to its inmates that they were now free, and their friends did not endeavor to conceal their deep feelings of joy. Three of the prisoners had been in jail nine months today, while the others were incarcerated January 4th.

This completely ends the Lookout lynching cases, which have been dragging along since last June. The prominent citizens in this county express a feeling of relief at the dismissal of the indictments.

Editor Says It Is True and Government Says It Is False.

CALUMET, Mich., Mar. 19.—The Paivatchi, Calumet's Finnish daily, the only one in the United States, published today an account of the assassination of Bobrikoff, the Russian Governor General of Finland. The news was brought by parties arriving in Calument from Finland yesterday.

They expect to erect a building near the California building close to the Union depot.

NO MORE ADS ON WATERING CARTS.

BOARD OF WORKS SAYS THEY MUST GO—COST OF CROSSWALKS.

The Board of Public Works this morning adopted the following resolution:

"Whereas, Advertising matter on watering carts is objectionable to the merchants in general of the City of Oakland; therefore, be it,

"Resolved, That the Superintendent of Streets be and he is hereby authorized and directed to only employ watering carts that are void of advertising matter."

Mayor Barstow spoke in favor of the resolution.

"I would not want my coal advertised on the city's watering carts, because the other merchant's wouldn't like it and it is the same way with every other business. They can't all be advertised."

"No, there would not be enough to go around," said City Attorney Johnson.

Permission was granted to the Foresters of America to stretch a banner across the sidewalk on Washington street between Thirteenth and Fourteenth streets for tomorrow.

The Odd Fellows were also granted permission to stretch a banner across Washington street from March 23d to April 13th.

The City Engineer was directed to prepare a petition to change the grade of the Twelfth street dam.

Street Superintendent Ott reported that the cost of constructing crosswalks was as follows: Wooden, 6½ cents a square foot; bituminous, 10 cents.

Superintendent Ott also reported that there was stagnant water in a vacant lot at East Nineteenth street and Ninth avenue.

Fire Chief Ball stated that the water was not stagnant and he was directed to have a fire engine pump it out when it became so.

The application of W. P. Taylor and J. M. Acty for positions as street sprinklers were filed.

The following resolutions from the City Council were referred to the Superintendent of Streets with power to act:

Directing the removal of eucalyptus trees on Forty-fourth street from Telegraph avenue easterly.

Requesting the removal of an eucalyptus tree at southeast corner of Seventh and Union streets.

Directing the Board to straighten trees in Independence Square at a cost of $500.

BENCH AND BAR TELL STORIES OF CLIENTS

There was a lull in the activity of Judge Melvin's department of the Superior Court this morning and bench and bar killed time by telling stories of their experiance with clients and fees.

"There was a Chinaman," said Ex-Judge Frick, "who killed a countryman of his in Pleasanton. I was hired to defend him. Chinamen in San Francisco paid me $100, for the purpose. More was to follow. The accused was placed in the County Jail and, just a short time before the trial began, he very accomodatingly committed suicide."

"Of course, you refunded the $100," exclaimed a newspaper man.

"I did not," exclaimed Frick, as the laugh went around.

"You didn't even put a check in the coffin?" inquired Attorney Button.

"Indeed I didn't!" retorted Frick.

This story reminded Judge Melvin of an episode in his career.

"I was called on one night at my home by a man who said he wanted to get a divorce. He asked me how much I would charge to take his case. We agreed upon a fee. Next morning, the first thing I saw in a paper was that the woman from whom the divorce was to be procured, had committed suicide because of the prospective disgrace. My wife noticed that I was somewhat annoyed and asked what was the matter, and I exclaimed:

"Confound it. I've been robbed of a fee by a wife who committed suicide just as her husband is about to seek a divorce."

WILBUR WALKER WILL GUARD MRS. LINDSAY.

Mr. Walker's appointment was made as against the request of two daughters of Mrs. Lindsay, neither of whom impressed Judge Ellsworth as being the proper person to look after the welfare of Mrs. Lindsay.

MINERS WANT THEIR COAL WEIGHED

The Wage Scale Is Discussed at the Shamokin Convention.

SHAMOKIN, Pa., Mar. 19.—The miners' convention today began the consideration of the important matter which will decide whether the notice posted by the operators at the various collieries announcing a continuance of existing conditions shall be accepted or rejected.

When asked if he would make any further effort to see J. Pierpont Morgan, President Mitchell said he had made no arrangements to that end. The sentiment of the delegates was for the first time officially expressed at the morning session of the convention. President Nichols of district No. 1, speaking on the scale schedule, said:

"The men of our district want their coal weighed, and they want it weighed so badly that they are ready do fight for it if necessary."

GATES SUGGESTED FOR TRANSIT CARS

City Engineer, Turner, at the meeting of the Board of Public Works this morning, asked whether the Oakland Transit Company could not be compelled to have gates on its cars to prevent accidents.

"Yesterday a friend of mine narrowly escaped being crushed beneath the wheels of a car," said Mr. Turner. "He alighted on the wrong side as a car was going in the opposite direction was approaching, and it was with the greatest difficulty that he escaped being struck. In Los Angeles and in Eastern cities they have gates on the inner side, and passengers can alight only on the outside. It is a great safeguard against accidents."

"It would be an excellent thing," said Mayor Barstow.

"They ought to do it for their own protection," said City Attorney Johnson, and the incident closed without any action having been taken in the premises.

LATEST SPORTING NEWS FROM TURF AND CLUB.

By J. W. LANGFORD.

TURF MATTERS

Dollie Weithoff Runs In New Colors and Wins at Long Odds.

In the last race at Emeryville yesterday, Dollie Weithoff, starting in the name of D. Lees, was returned a winner at odds of 8 to 1. She literally "walked in," as the expression goes, and after the race it struck everybody that she once belonged to Burns & Waterhouse and was always a pretty fair piece of racing material. Had she carried the colors of Messrs. B. & W. last evening, it is safe to say that instead of going to the post practically unbacked at 8 to 1, she would have been held favorite by the bookies and received a strong following from the element who bet on suspicion. Such is the idiosyncrasy of horse racing.

There was some bad starting in a few of the races decided at Emeryville yesterday and in each of the races marked with a bad start it is noticeable that the well backed horse is either away flying in front or running in his stride so that he can get to the front in a few jumps, while the contender is all tangled up. The history of yesterday is the history of all the bad starts of this winter's racing, whether the barrier was handled by Dick Dwyer or Jake Holtman. Both have the same assistants who are at their post all the time, and it is a fact worthy of note that under the present system of starting without a recall flag the assistants have more power on the ground than the starter handling the barrier. They can grab a horse by the ear or lip or cut him across the ankle with a whip if the animal is made nervous and fails to spring away when the starter releases the barrier, or if the assistant starter is slow in letting go of the horse's ear or lip when the barrier flashes away and up, the starter cannot call the horses back or improve his start. During this winter, many a horse has had his chances ruined at the post by the assistant starter.

Birkenruth in Form.

Jockey Birkenruth was the bright particular star of the pigskin artists yesterday. He landed first with three of his mounts and second with one. Ora Viva, Beau Ormonde and Dolly Weithoff were the winners, and he finished second on Dr. Boyle. Three odds on favorites won in a row, and well backed horses won all the races save the last, which was won by a comparative outsider in the betting.

There was considerable complaining among the bookmakers because of the short time allowed for betting on the last race. Twenty minutes is the usual time allowed to bet on each race, but in the last event hardly five minutes were given before the horses were called to the post and started. Few of those in attendance even knew that the horses had left the paddock, and when the bell rang announcing a start there was a mad rush toward the books to bet, but the penciliers were taken as much by surprise as the bettors, and only confusion reigned.

Harry Storer, who is making his winter home near Emeryville, yesterday purchased Autolight from Green B. Morris. Autolight has bad legs, but Storer, who races in the summer on the Canadian circuit, should pick up many a purse with him.

Harlem Jockey Club.

The Harlem Jockey Club (Chicago) is out, first in the field, as usual, with the most complete book of stake nominations ever published by a racing association in this country. The book contains twelve stakes to be decided during the spring and summer meetings of 1902, to which 1,300 horses are nominated, an average of 109 to a race, which is the largest average in the history of the turf in this country. The names, pedigrees, color and sex of every horse, together with the name of the owner, is printed in the book, including the baby two-year-olds, many of whom have never started. The book can be obtained free of cost from Martin Nathanson, secretary Harlem Jockey Club, 815 Merchants Loan and Trust building, Chicago, Ill., and should be in the hands of every horse owner, trainer and handicapper for the valuable information it gives of the Chicago turf.

SMITH WILL REFEREE

Good Contest Promised Between Neill and Ferns Before the Hayes Valley Club.

It was predicted in this paper not very long ago that Eddie Smith, the popular ex-boxer of the Reliance Club, who has proved such a success as third man in the ring, would soon be called on by the clubs across the bay to officiate as referee at some of the big fights. The prediction is verified sooner than expected. Mr. Smith has been asked to referee the contest between Rube Ferns and Al Neill before the Hayes Valley Club in Woodward's Pavilion, San Francisco, Friday evening, and has accepted. The appearance of an Oakland man in the ring as third man will add much to the popularity of the contest as viewed from this side of the bay. Neill is popular here and will surely draw a large crowd. The success Eddie Smith has achieved in the ring as referee he won with his own honest and earnest efforts to do the best he could at all times regardless of the importance of the contest in hand. Oaklanders take pride in his work and are pleased to note that our neighbors can appreciate a good thing even if it does come from this side of the bay.

TROTTING RACES AT IRVINGTON.

BLOODED HORSES WILL CONTEST AT NUTWOOD STOCK FARM.

IRVINGTON, March 19.—The racing at the Nutwood Stock Farm will take place Saturday afternoon at 2 o'clock. There will be several trotting races and probably one running race.

There is a purse up of $100 for the match race between "Nellie," to be driven by Dr. Chalmers of Niles and the "Niles Beauty" to be driven by Frank Rose, also of Niles. There has been considerable feeling as to which is the better animal.

Another race will be between Fred Horner's "Don" and Tom Witherly's "Boodie." Each of the horses can trot at a lively gait, so the race is expected to be an exciting one. The owners will drive.

Bronco riding will conclude the day's amusements and will certainly be worth witnessing.

PERSONAL MENTION.

George Babb, who was struck on the head by a falling scantling, is doing as well as could be expected under the circumstances. The injury will not prove fatal, as it was only a glancing blow.

S. La Bree of San Jose spent Sunday with friends at Warm Springs.

Mr. and Mrs. Joe Blacon of Pleasanton were the guests of Mr. and Mrs. D. Reynolds Sunday.

Miss Nagle of San Francisco is the guest of the Misses Berhens of Mission San Jose.

Mr. and Mrs. T. Cushing of Irvington are spending a few days in San Francisco.

UNION MEN PLAN A MASS MEETING.

FATHER YORKE WILL ADDRESS THE LABORERS OF HAYWARDS.

HAYWARDS, Mar. 19.—The local labor unions at a recent meeting brought up the proposition of holding an open meeting, which it is intended will be the largest affair of its kind ever held in this district.

The plan of the unions is to secure the services of the Rev. Father Peter C. Yorke. He will soon be approached by a committee from the union and requested to address the meeting. The members also have in mind several other prominent friends of labor whom they will request to be present. The affair will not be merely a local event, but invitations will be sent to all labor unions in surrounding cities and towns, requesting delegates to be present at the meeting.

Following the speaking of the evening there will be a grand dance.

The following committee is arranging the necessary details of the affair and will visit Father Yorke and other speakers whom they hope to have present: G. Toyne, W. Allen, J. B. Lewis and F. Menklen.

DOES NOT WANT CANYON DAMMED.

Howard Kimball, who resides near the mouth of Crow Canyon, is making a great effort to stop the damming of the canyon.

Some time ago Supervisor Talcott conceived a plan whereby Castro Valley and portions of the county road could be supplied with a water sprinkling system. The plan was to build a dam in Crow Canyon and pipe water to the localities named. Recently Messrs. Meek, Susan Doran and Thel Sutton granted the county permission to appropriate water from Crow Canyon for the purpose mentioned. Now Kimball claims that if this water is shut off it will remove the only means of irrigating his ranch and cut off his water supply completely. He has brought suit against the parties who gave the county the permit and asks that they be restrained from diverting the water. The case is attracting considerable attention here, as the entire section was in favor of the system which would furnish so cheaply a water system for such a large territory.

GERMAN LADIES ENTERTAIN.

Mrs. Henry Neudeck recently entertained the German Ladies' Frauenverein at the gymnasium in Native Sons' Hall. After the business of the meeting was completed a pleasing program was rendered. It included a humorous recitation in German, entitled "The Pancake," by Mrs. E. R. Jonson. Miss Lillian Neudeck rendered two piano solos which were loudly applauded. They were followed by songs and dances of the Fatherland with Miss Lena Harder at the piano. The next meeting of the society will be held at Lucca's Hall, with Mrs. C. Jensen of Palomares as hostess.

VERDICT OF ACCIDENTAL DEATH.

The Coroner's jury which was summoned to investigate the death of Mrs. P. Twist, who was found dead at her home last Friday, rendered a verdict of "accidental death." The case was a peculiarly strange one and the bereaved family and relatives have the sympathy of the entire community. Mrs. Twist was sitting beside a fire when she was stricken with heart failure. She fell to the floor and her dress became ignited from the flames in the fireplace. The body was badly burned.

OLD CITIZEN DIES.

Monday afternoon Thomas Addison, a pioneer resident of Haywards, died at his home. Mr. Addison was 84 years of age and leaves a widow and seven children, five girls and two boys. The funeral took place today from the Catholic Church. The body was laid at rest in the Catholic Cemetery.

ZAMBRESKY AN OFFICER.

At a recent meeting of Eden Parlor of Native Sons William Zambresky was elected first vice president, in the place of J. D. Smalley. Mr. Smalley was compelled to resign the office owing to his press of duties, which keep him in San Francisco.

FRUITVALE CADETS READY FOR THE SHOW

FRUITVALE, March 19.—Friday night of this week the Fruitvale Cadets will give their minstrel show. "The Mammoth Macrocephalous Minstrels" is the stage name of the show, which is causing so much excitement and anticipation in this neighborhood. The show will be given at Washington Hall in East Oakland and no pains nor expense will be spared to make the event the finest ever presented by the Cadets.

The program will be arranged about as follows: C. L. J. Smith will act as interlocuter while Messrs. Scott Howatt, Ray Williams, Albert and Melvin Moffitt will take the part of end men. Mr. Hackett will render a tenor solo, which will be one of the features of the program. The Cadets have been fortunate enough to secure the services of Otto Rittler, who will swing Indian clubs, the "Sunset Trio," acrobats who are members of the Olympic Club, and Walter Taucinu who will perform an American and Spanish dance in female costume. The services of Taucinu were arranged for at a very high figure but the Cadets are confident that the act will fully justify the money expended to secure him.

George Kennedy, Ed. Evans, Herbert Hauser and Frank Merrill will present a sketch which promises to be a great success. Mr. Kennedy will impersonate the unfortunate "Happy Holligan."

During the show the Fruitvale Orchestra will render appropriate music. Frank Howard Seely is leader of the orchestra.

The show will conclude with a laughable farce, entitled "The Employment Office." Melvin Moffitt of West Oakland will take the leading part.

FORESTERS ENTERTAIN THE FAIR COMPANIONS

ELMHURST, March 19.—A banquet was recently tendered to Elmhurst Circle, No. 460, Companions of the Forest, by Court Elmhurst, No. 174, Foresters of America. The affair was the return of a similar one given by the Companions, who some time ago swooped down upon the Foresters just as they were about to leave the hall after a meeting. The banquet was a most successful affair and the great success was due to the good work of the committee on arrangements consisting of Charles S. Alvord, M. D. Silva, Robert S. Harris, Robert Hamilton and John G. Skelley. Following the banquet there was dancing, and music and recitations by different members of the party.

JOHN AUBREY ON DECK.

Weather permitting, John Aubrey Jones will deliver an address at the City Hall on Saturday evening next at 8 o'clock; subject, "Civilization's Crisis."

SAN LEANDRO IS AFTER LIBRARY.

TOWN TRUSTEES WILL PROBABLY APPLY TO ANDREW CARNEGIE.

SAN LEANDRO, March 19.—At the meeting of the Town Trustees held Monday evening an ordinance was introduced which will increase the Town Clerk's salary from $20 to $35 a month, and that of Marshal from $50 to $75. The ordinance was referred to the Ordinance Committee and if all is satisfactory it will come up for adoption on May 1st. It is understood that the ordinance will be passed.

It was suggested by Town Attorney Frank that the Board look into the matter of securing a library donation from Andrew Carnegie after the methods pursued by other California cities. The question was discussed at some length and all seemed very much in favor of such a move being made. The matter of taking any direct action on the question, however, was postponed until the next meeting of the Board.

A communication from the Oakland Board of Trade in regard to establishing an exhibit of Alameda county products was read. The communication requested that the Board co-operate with the Oakland Board of Trade in their effort to establish such an exhibit. The letter was referred to the clerk and the secretary of the Board of Trade.

A communication from County Auditor Ewing was read. It requested that the Board furnish him with facts and figures of San Leandro which are to be used in his annual statement. The matter was referred to a committee.

Trustee Hopper reported that he had made arrangements to have the sprinkler and grader painted at a cost of $25.

The water rate ordinance was, on motion of Trustee Quinn, postponed until the next meeting.

It was reported by Clerk Gray that he had received $4.75, the judgment and costs in the Hammond vs. San Leandro case.

An ordinance was introduced by Trustee Eber authorizing the Clerk to issue an election proclamation for the coming election.

At this juncture J. Driver made a request that the proclamation be so arranged as to allow a vote on the question of a municipal water plant. He was told by the Town Attorney that such a thing was impossible.

The election officers were then selected. They are as follows:

Precinct No. 1, Hawes Building—Inspectors, J. Williams, J. Gorman; Judges, J. Knaugh, N. L. Hanson; Clerks, W. P. Truesdell, M. H. Hackett. Ballot Clerks, F. Gonsalves, W. Kelley.

Precinct No. 2, City Hall—Inspectors, M. J. Bettencourt, H. Harding; Judges, M. Fields, J. DeMont; Clerks, F. A. Williams, W. H. Gray; Ballot Clerks, C. Christensen, T. Gill.

FAREWELL SOCIAL.

A farewell social was given by the members of the Christian Endeavor Society Monday afternoon to Mrs. J. E. Anderson. The affair was attended by a large number of friends and all spent a most enjoyable afternoon. A program of musical and literary numbers were greatly appreciated by all.

Miss Laura Teeft
172 Ellicott St., Buffalo, N. Y.

"One good turn deserves another and because Wine of Cardui restored me to health I have been glad to speak a good word for it whenever I have had an opportunity. About two years ago I suffered such pain every month from three to four days that I dreaded the time. The doctor said there was a misplacement and that the only real relief laid in an operation and advised me to have one performed. I dreaded the ordeal and speaking of it to my aunt she said, 'why don't you try Wine of Cardui first?' I took it and it cured me of ulceration. Much relieved and full of hope I bought another bottle and after taking the medicine for a short time my general health improved and thirteen bottles completed the cure. It is a grand medicine for women."
MISS LAURA TEEFT'S gratitude shows how well Wine of Cardui did its work in ridding her of this terrible suffering. Her joy at finding a medicine that made her a well woman is unbounded. Wine of Cardui left her nothing to be desired in the realization of the greatest of Nature's blessings—perfect health to perform the duties and enjoy fully the privileges of life. Wine of Cardui, in giving Miss Teeft health for sickness, joy for sorrow and a light heart for the dreadful apprehension of the dangers of the operating table has made her happy and grateful. Her eyes are brighter, cheeks rosier, her steps more sprightly and a happy smile lights up her face once clouded by suffering. With Wine of Cardui offered freely this health and youth is possible to any woman. Banishing suffering cannot fail to make any woman lovelier and more beautiful, because the very presence of health means pure blood, sparkling eyes, a clear complexion and a grace of physical poise that is a natural response to a merry laugh and a sunny disposition.
Mrs. Donoho, of Handley Station, Texas, has had a happy experience with Wine of Cardui, of which her husband writes as follows:
"I must write and thank you for what your Wine of Cardui has done for me. It has given me a beautiful, healthy, rosy-cheeked wife. She looks so much younger and prettier that my friends very often ask me 'Was that your wife whom you were with?' When I tell them it was they are surprised. I always tell them Wine of Cardui made the change. I expect to keep Wine of Cardui in my house always."
Wine of Cardui has been relieving woman's ills for over 75 years, and it has a record of cures that makes it supreme as a reliable remedy for menstrual disorders, bearing-down pains and all the debilitating vital drains which rob a woman of her beauty and health, then her reason and life itself. It is sad to see a charming girl deprived of her natural charms which bind her to all that is worth living for. And this all because of the terrible lurking canker worm of female weakness—so loathsome—yet so easily banished by Wine of Cardui as these two letters have shown. Write to The Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn., if you are a sufferer. Tell all your symptoms and a letter of advice will be sent you. If you want them we can send you testimonials from ladies cured by Wine of Cardui in cases similar to yours. We have over 10,000 letters on file and many will fit your case. But you can have a quicker proof of what Wine of Cardui will do for you. Go to your druggist and buy a $1.00 bottle. Take it as directed and you will find the treatment is as easy as it has been proven to be powerful and effective by over 1,000,000 cures. The directions on the bottle to take a tablespoonful three times a day is the condition of health, beauty, happiness and the joy that Miss Teeft and Mrs. Donoho have. Why not start this simple remedy today?

ANONYMOUS ATTACKS.

While it is natural to smile at a clever skit such as the anonymous poem satirizing President Wheeler of the State University, printed in THE TRIBUNE yesterday, the fact must not be lost sight of that the character of the attack is reprehensible. Fighting from ambush is never fair, and generally argues cowardice. Anonymous criticism is irresponsible. It cannot be answered or refuted. It places its object at a disadvantage, for he is assailed from the dark and he cannot unmask the motives and personality of the assailant. For this reason anonymous attacks are entitled to no consideration. As a rule they excite sympathy for their object, for they raise the presumption that they are prompted by some mean personal motive. If anyone has any criticism of President Wheeler to offer, let him present it openly like a man, and place in plain language what he has to say. The author of the anonymous poem deals in innuendoes as elusive as his own personality. No blood follows the stab, because it is like a thrust in the water. The accusations are formless, like the shadowy hand that penned them. Criticism in this form, even from a responsible source, is hardly entitled to grave consideration, for it compels its object to put in plain terms what the accuser only hints at—a cowardly device for making a man fit the cap to his own head.

President Roosevelt is right in vetoing bills providing for the honorable discharge of men who deserted or were dishonorably dismissed from the army during the Civil War. As he crisply said, to do so would be to place the honorably discharged soldiers in a wrong category. The roll of the honorably discharged constitutes a roll of honor, which will be tainted by the admission to it of the names of men who abandoned their colors or were dismissed as unworthy of the uniform they wore. Subsequent good conduct may restore the good opinion lost through unworthy acts, but it should not be allowed to go back and sponge out the record made in the service. It is an injustice to the brave and true, and a falsification of the roll of honor.

THE FIRE ON THE HEARTH.

In the homes of Balkan peasants nothing is prized so highly as the fire on the hearth, for it is regarded as sacred and is never allowed to go out. Tradition says that if it is extinguished misfortune will surely come, and that in many cases the death of the fire is a sure token that some member of the family will speedily die. Another time-honored tradition says that the sacred fire is able to cure many maladies, and this is supposed to be the main reason why it is guarded so carefully throughout the Carpathians and the Balkan peninsula.

In the Social Swim.

DINNERS, LUNCHEONS AND WEDDINGS AMONG THE SMART SET.

At the meeting of the Hill Club Monday afternoon at the residence of Mrs. B. S. Hubbard an interesting lecture on "Lithography" was given by Mr. Hubbard. It was illustrated and the making of a lithograph from its very beginning was explained by the speaker in a most entertaining manner.

Mrs. Sidney Smith rendered several whistling solos.

About forty members were present, and aside from the instruction received the meeting was also a social success.

The club will meet next at the residence of Mrs. F. P. Cutting.

Dr. Ludlow Weds.

Two young people of Stockton, Miss Clara Wagner and Dr. William Ludlow, were married in San Francisco Monday, March 17.

Both bride and groom are well known in this city, where they formerly resided. The groom is the eldest son of the late William T. Ludlow, who up to the time of his death was master car repairer in the West Oakland shops of the Southern Pacific.

Dr. and Mrs. Ludlow will spend their honeymoon in Monterey, after which they will reside in Stockton.

Cosmos Club.

The Cosmos Club was entertained yesterday afternoon by Mrs. Will Meek. Mrs. Charles Minor Goodall will be the hostess at the next meeting.

Kittredge Dinner.

An elaborate dinner was given Monday night by Miss Ethel Kittredge at the Palace Hotel, where the Kittredges have wintered this year. The affair was in honor of Miss Carmen Moore and Walter Starr, whose engagement was recently announced. The table was decorated in pink, and covers were laid for sixteen. RHYMES OF THE DAY.

By which we are woefully vexed.
It's beautiful snow for one minute
And it's horrible slush the next.

IN HARD LUCK.

Only a shivering form on the track,
Only an actor walking back,
Only a figure like a scarecrow,
That used to stand in the footlight's glow.

Only a battered old silk hat,
Only a torn and soiled cravat;
Only a Prince Albert coat faded green,
Only a "busted" actor-ene.

Only a memory of trunks that were his,
Only a vision of rotten "biz";
Only a sigh of vain regret,
Only a has-been actor-ette.

MAMIE'S COAT.

Mamie wears a raglan—oh, dear me!
Mamie in her raglan is a sight to see!
For the way that Mamie wears it, and
the way she twists and bends
Makes it hard to tell just where the
raglan starts and Mamie ends!

Mamie wouldn't wear a coffee sack, of
that I'm sure.
Mamie likes to be in style, and Mamie is
demure;
Yet Mamie doesn't hesitate to amble on
the street,
Looking like a bale of hay that's grown
a pair of feet!

And sometimes when you see her you
take another peep,
She looks so much as if she were a-
walking in her sleep!

The Tramp Printer.

He used to call around and borrow
A dollar;
There was grime and printer's ink upon
His collar;
At times he used to get quite drunk—they
said it was
To indicate his strong contempt for
Editors;
He used to eat tobacco at his ease
And, what is more,
He spat quite freely everywhere
Upon the floor;
I haven't seen him since the latter
'80s.
The foreman couldn't even tell you what
His State is;
Perhaps he's gone the way of all the
earth—
Maybap to jail;
But if he ever shows up here again
He will not fail
To have on that same
Collar
And strike you for the
Dollar;
And he doesn't get it
From me.
Not this time!
See?

Treasurers of Modern Dialect.

Coming down to Scott and Dickens and Thackeray and Lover and Lever—to say nothing of Kipling—who would give up the humor, the raciness, the tang, so to speak, of their dialect characters—the Scotchmen, the Irishmen, the Cockneys, the Yorkshiremen, the East-enders? asks a writer in the February Century. Who would be willing to give back to a state of existence such creations as Andrew Carservice, Sam Weller, Pegotty, Sairy Gamp, Charley Bates, Costigan, Foker, Yellowplush, Peeceman X., or Mrs. Poyser? If the canon were fixed against the dialect, would not English fiction be robbed of its choicest personages? And what a havoc there would be among American writings! To be sure, we should still have the creasures of Hawthorne and Poe—products of a romantic era and of unhumorous minds; but every type and class of the country would be without its most salient exponent. What would become of Hosea Bigelow, Petroleum V. Nasby, Hans Breitmann, Mr. Hiss, Tom Sawyer, Jules St. Ange, Uncle Remus, Marse Chan, Chimmie Fadden, Mr. Dooley, and many other of our "Immortals." In short, could one put into practice the anathema against dialect with ex post facto effect, the variety and flavor of democracy would largely disappear from fiction, and the color would almost fade out of it, while the gayety of nations would well nigh be eclipsed. It would not be abolition of dialect, but the extinction of a large measure of literature. To object to dialect is to object to the types it represents and to deny them the right to speak in their natural voices.

MAYOR CANNOT COLLECT BACK SALARY

He Could Not Blow Hot and Blow Cold and Fool the People.

SALT LAKE, Utah, Mar. 18.—The State Supreme Court has reversed the judgment in the case of former Mayor John A. Boyle of Ogden, who sued for and recovered half of his salary as Mayor which had been reduced by Council ordinance.

Mr. Boyle was elected in November, 1897. During the campaign he advocated retrenchment and declared he was willing to have the salary of the Mayor cut in two. Immediately after Mr. Boyle's election a new salary ordinance was passed by the Council fixing the Mayor's salary at $600, the former salary having been $1,200. The ordinance was disapproved by Mayor Boyle, amended, repassed and then approved. At the conclusion of his term, however, Mayor Boyle sued the city for the remainder of his salary had it remanded at the $1,200 figure.

The Supreme Court, in reversing the ruling of the lower court, which declared for Mr. Boyle, holds that the latter had publicly favored reduction in salaries and had approved an ordinance providing for such reduction and that the judgment therefore could not stand.

BOY BICYCLE THIEVES HELD TO ANSWER.

The preliminary examination of Charles Myer, one of the five messenger boys arrested for stealing bicycles, was held this morning and he was held to answer for grand larceny before the Superior Court. Acting Police Judge Stetson fixed bonds at $2,000.

The boy confessed to Detectives Holland and Shorey to having stolen a bicycle from a rack in front of the store of McMillan & Cox at Seventh and Market streets. He took the wheel to San Francisco, where he was arrested. It is the intention of the police to have the boys sent to the Whittier Reform School.

BUSINESS MEN BANQUET AND TALK OF OAKLAND.

Make a Plea For an Up-to-Date Y. M. C. A —Welcome to President of Cleveland's Association.

A group of business men gave a reception and dinner at the Hotel Metropole last night in honor of S. P. Fenn of Cleveland, Ohio. Mr. Fenn is a member of the firm of Sherwin-Williams Paint Company of Cleveland, probably the largest concern of its kind in the world, and employs in the several manufactories thousands of men in whom the firm have more than a passing interest. In connection with their large Cleveland plant, they have provided reading-rooms, lunch-rooms, games, baths for the use of the men at the noon hour. Lectures are frequently given and social hours—evenings in which the men and employers are drawn closer together, and thus strikes are unknown.

NOT A CALIFORNIAN.

Mr. Fenn is not what one would call in California a wealthy man, but he is after all a philanthropist, and gives of his time, energy and money to various institutions in which he is interested. As a business man, he is alive to commercial interests, and is one of the conspicuous members of the Chamber of Commerce, a body of business men, as he said in his address last night, 1,000 strong with 100 on the waiting list.

He is a prominent member of the Municipal Association an organization which is doing much to purify city government.

On the Board of Directors of the Goodrich House, a social settlement in which he has a great interest. As the President of the Young Men's Christian Association, he devotes more time and money than perhaps to any other of the many causes which claim his attention.

Although a busy man, he is actively at the head of perhaps the most active, up-to-date and successful institution for men in the world.

It was eminently fitting that the business men of Oakland should honor such a man of influence and ability.

From 6:30 to 7 an informal reception was held in the parlor, after which dinner was served. Among the guests present were the following:

S. P. Fenn, Cleveland; D. Edward Collins, S. T. Alexander, F. A. Leach, F. S. Stratton, R. H. Chamberlain, Rev. E. E. Baker, Rev. H. J. Vosburg, H. R. Jones, G. D. Gray, John F. Stevens, F. B. Cook, W. A. Kling, Geo. T. Hawley, H. J. McCoy, San Francisco.

TOASTMASTER.

D. Collins, President of the Y. M. C. A., acted as toastmaster in a very able and happy manner. His remarks were as follows:

"It is with extreme pleasure, as chairman of this gathering, that I welcome our guest, Mr. S. P. Fenn of Cleveland, to Oakland. Your city, sir, bears the name of a recent President whose strong personality has impressed itself upon the Nation. We recognize Cleveland as the principal of many important cities in a great State which even vies with Virginia as the mother of Presidents. We recognize your representative in the Senate of the United States as a political power, and to him we are greatly indebted for a revered as well as a martyred President. Not in political affairs only, but likewise in material prosperity, Ohio stands well to the forefront among the States of the Union. Concerning the philanthropy and religion of Cleveland, we have gathered our information from the splendid representatives whom you have sent to us; one of these is my own pastor, Rev. E. E. Baker, who is with us tonight.

WELCOME TO OAKLAND.

"Coming from a center the organized life of which has reached a high standard, we gladly welcome you to this city of schools, colleges, churches and homes. Our institutional life is largely inchoate, although we live under the shadow of a great university. We have, however, physical advantages. An estuary, threading its way into the very heart of the city, has been likened to the Scottish Clyde, which, together with an extended water front, makes possible a vast expansion of our commerce. The terminals of two great transcontinental lines have been established in our midst. Oakland is spread over a large territory; to the northward, to the southward and to the eastward encroaching upon the undulating foothills of the Coast Range. We are already feeling the birth throes of a new commercial life. We are hopeful; we are ambitions, and we have unbounded faith in our Western commonwealth. With our material advancement we desire that our social, civic and religious life should keep pace. There is growing in our midst, as with you, a determination to cast out corrupt bosses and demagogues, and to purify our State and municipal governments. We are also awakening to a keen sense of the need of the church and its spiritual power; straightforward, practical, tolerant teaching is sought which may touch the real life of men. We are also warming up to the work of the Social Settlement, of the Associated Charities, and of the Young Men's Christian Association, in which good work your city and you personally have taken such commendable leadership.

"And now, not only in your individual capacity, but as a friend of our friends, we welcome you to our city and State. May joy and happiness attend you and yours while you sojourn among us."

H. J. McCOY.

H. J. McCoy of San Francisco, Secretary of the Young Men's Christian Association, gave a very helpful and interesting address on the Christian Association, using the Cleveland organization as a model. He referred to the problem before the Directors of the Oakland Association—whether to raise funds to pay off the heavy debt on the present property or dispose of it and purchase a new site and erect a model building adapted to present day needs.

This could be done and should be done in Oakland, where there was sufficient wealth, but it is not possible unless some one would start the project with at least $25,000.

FRED S. STRATTON.

Hon. F. S. Stratton, Collector of the Port, made a very able address on the resources and possibilities of California. He said in part:

"San Francisco in point of clearance of ships was second in the United States, New York being first. The amount of business has increased here 265 per cent in two years.

"He spoke of California's future as dependent upon the whole Union. San Francisco would become great when the State became great, and California would be in the front rank of States when the whole country would unite to make it so. We are all one."

R. H. CHAMBERLAIN.

R. H. Chamberlain spoke of Cleveland's reform Mayor and the agitation of municipal ownership. He said in part:

"Mr. Chairman: It is to me a pleasure and a privilege to join with these other citizens of Oakland in paying their compliments to a representative of the progressive city of Cleveland. I feel sure from what you have heard of Mr. Fenn that he is one of that type of citizens which every municipality needs and of which no city can have too many.

"I am persuaded that one of the greatest needs in our country today is the development of a higher civic patriotism, as touching the relation of the citizen to his municipality. It is comparatively easy to awaken and successfully appeal to our national pride and patriotism and then to inspire us to our duty towards our country, but in matters pertaining to our city and its government are we not more apt to be indifferent and to allow unworthy motives to control our action?"

Mr. Chamberlain further stated that he would like Mr. Fenn to tell them of the new departure Cleveland had made in relation to public service corporations, operating its street franchises. The speaker said that, although he had been dubbed a crank on the subject of public ownership, he would risk further ridicule in asking how a restriction of profits to the street car companies and a stricter accountability to the city was progressing. He would further like to know of the public ownership of the water supply and any other facts Mr. Fenn would like to give. Also of the Y. M. C. A. of Cleveland and the Bible classes that have been formed in the various railroad shops of the city.

"I will now close," said the speaker, "by expressing pleasure in this opportunity of meeting Mr. Fenn and in joining with you in extending to him a hearty welcome to Oakland."

REV. BAKER.

Rev. E. E. Baker was introduced as the personal friend of Mr. Fenn. Mr. Baker took occasion to refer to his Cleveland home and the pleasure it gave him to have friends from the East visit us here, particularly when men like Mr. Fenn found it desirable to journey so far to leave his business and the attractions of that Ohio city and come, not the Southern California, but to the very heart of things—San Francisco and cities around the bay. He also spoke of Mr. Fenn's busy life, his devotion to the various interests in his city, the many things which were being accomplished largely through his devotion and generosity.

THE GUEST SPEAKS.

Mr. Fenn, the guest of the evening, was introduced by President Collins and he was given a most enthusiastic reception. His remarks were modest. He made but little reference to what he had done personally or was doing like most men of this standing. He is unconscious of his influence and perhaps maximizes his efforts. Mr. Fenn has evidently reached high ground of observation relating to the real conditions of men. He is sympathetic, not critical, broad minded. He said in substance:

"In the great work of uplifting manhood we must not organize and seek to work along lines; puerile methods will not succeed in reaching men. There must be new methods for new conditions not forsaking old principles, but new application of old principles. The club idea is solving the problem in Cleveland. With 3,000 members we are able to hold and interest them by means of a division into groups or clubs, such as water sports club, outing club, bicycles, chess, camera, athletic, literary and Bible class clubs; a good cafe where young men can get the best of food served immediately and at reasonable cost."

Mr. Fenn made a strong and eloquent plea for an up-to-date association building here. He referred to business and trade in Cleveland, municipal affairs and lastly to California and all of the splendid possibilities. He expressed himself as charmed with California and the people.

The banquet was adjourned at about 10:30.

Mr. and Mrs. Fenn sail tomorrow on the Ventura for Honolulu.

AT THIRD AND GILMAN STREETS.

The vicinity of Third and Gilman streets, West Berkeley, bids fair to become a populous and busy section within the next few years. A large furniture factory has been erected there by a trust company, and that venture is to give employment to hundreds of hands. Already that big shop is in working order and several contracts are being executed. It is possible that a score or more of cottages will soon be erected on the factory grounds, or adjacent to the homes of artisans employed at that industrial concern.

So promising is the outlook for local passenger traffic the railroad has determined to locate a station at Third and Gilman streets, and an accommodation track has been nearly all laid to that terminus. Just now Third and Delaware streets is the final stopping point of the West Berkeley local service. And it is mooted by the railroad authorities that it would be a convenience for the Sacramento local and other trains to pause at the new Third and Gilman streets station. Should the street railway people conclude to extend their system to that neighborhood, the rise in real estate values will reach the proportions of a boom.

The disclosed plans of the trust company operating that great furniture works embrace a scope which is very extensive.

BIG FIRE AT PHOENIX PIER.

NO ESTIMATE CAN YET BE MADE IN REGARD TO THE LOSS OF LIFE.

NEW YORK, March 19.—No estimate could be made today of the loss of life in the fire that started last night on the Phoenix Line pier in Hoboken, and it was thought the number of dead never would be known. It was learned today that Fireman Thos. Cooney, of the fire boat David A. Boody, fell off his boat last night and was drowned. Patrick Hussey, a longshoreman, who was burned while trying to escape from the pier, died today from the effects of his injuries. Chief Engineer Scott, of the steamer British Queen, who was supposed to have perished in the fire, walked into a Hoboken hotel today. He was badly burned about the face, and said he had had a dreadful experience. Dr. Helfer, the health officer of Hoboken, says that all the men of the British Queen have been accounted for.

Besides Hussey, four longshoremen were taken to St. Mary's Hospital and are now under treatment there. All were more or less burned. Some of the longshoremen who saved themselves by swimming ashore say they saw twenty or thirty men leap into the river. Although some of those who jumped into the water were picked up by tugs, it is feared that a number sank before they could be reached by the rescuers. Many of the longshoremen are single men and have no relatives who could report them missing. The police say that no one except Engineer Scott had been reported to them as missing.

The British Queen has been beached off Communipaw, in the upper bay. Those seriously hurt in the fire are John Jensen, who jumped from the burning pier and struck his head against a beam, and Peter Carroll, who was badly burned.

The Chinamen who fled from the steamship Heathaburn when that vessel was endangered by flames and who were captured by United States Custom officers, were returned to their ship today. The Chinamen were arrested in order to prevent a possible violation of the Chinese Exclusion Act.

Superintendent Mason of the Phoenix Line, said that it would be impossible to definitely state the loss by the fire in less than two week. He was asked if he thought $1,250,000 would cover and he replied that he did not think it would. The British Queen was worth $800,000 and there was a great quantity of valuable merchandise on the vessel, on the piers and on lighters that were destroyed. This included cotton, hides, oil, grains and a quantity of harvest machinery.

Riley, successful candidate for member of the Sanitary Board, spent $6. A. Lorsbach, candidate for member of the Board, deposes that he spent nothing.

FOOD CURE.
The True Way to Get Well.

The tales told of how food will make people well are nearly always interesting. A young lady in Cleveland, O., says: "I had an attack of nervous prostration and finally had to give up and go to bed. Did not know what was the matter with me. My physician told me that I should take a trip, and a favorite Auntie, who was at that time a visitor at my home, urged me to return with her. The doctor said I might get out of bed in a few days, and so, although I was still very weak, I made the journey, which was a short one, to Cleveland.

"There I gave out again and had neuralgia badly in addition to my other nervous troubles. While in this condition I was urged to change my food and try Grape-Nuts. I had tried Grape-Nuts at my home, but did not like them because I did not use them right, having put hot water on them, but under the advice of a friend I started in on Grape-Nuts and cream or very rich milk. That was a different story and I enjoyed the food greatly.

"In a few days I began to get strong and lost the desire to lie down. I forgot to tell you that I had been suffering also from dyspepsia. This gradually left when I had Grape-Nuts for breakfast and supper.

"Shortly after, I began to put on flesh and went up from 115 pounds to 130½ in about six weeks. When I returned home all my friends remarked on my improved appearance, and the vigor and strength I had regained paid me well for my food experiment.

"In addition to strength of body I noticed a remarkable improvement in my mental strength. It was a pleasure to me to read and think and great big worries that would have put me to bed in my former condition slipped off as easily without oppressing me at all." Name given by Postum Co., Battle Creek, Mich.

SCHOOL BOARD IN THE ENCINAL.

LATE NOTES FROM ALAMEDA GATHERED BY SPECIAL CORRESPONDENT.

ALAMEDA, March 19.—At a meeting of the Board of Education last night, W. H. Osborne was appointed School Census Marshal with Alfred Roach and Fred Welsh as deputies.

The question of establishing a sinking fund with which to purchase medals for the victors in debating contests which have become so popular in Alameda was discussed by the members, and in connection with which Professor Hughes read the following communication just received by him from Dr. Frederick W. D'Evelyn:

"San Francisco, March 12, 1902.

"Mr. Charles C. Hughes, Superintendent Alameda City Schools, Alameda—Dear Sir: Yours of March 11 to hand. The efforts of your Board are in the right direction; it is said with much truth that the pen is mightier than the sword, but I am convinced that the voice is greater than either, and in no way can the cultivation of voiced sentiments be better developed than by systematic debate. Your suggestion for the formation of a sinking fund, to insure income for providing annually a medal or some 'reward of effort' is most excellent and will no doubt be practically endorsed.

"If, however, such income is not available to meet the demands of the present session, it will afford me much pleasure, subject to your Board's approval, to present to your debating teams two silver medals, subject to such conditions in competition as your Board may deem necessary. Very sincerely yours,

"FREDERICK W. D'EVELYN."

The offer made by the doctor was accepted and a vote of thanks extended to that gentleman.

An application for a position as teacher in the local schools, made by Miss Luella F. McCarthy of Watsonville, was received and filed. There being no further business before the Board, the meeting adjourned.

ARRESTED FOR DISTURBANCE.

A colored individual, who bears the rather distinguished name of Prince Siteware, and who has frequently adorned the dock of the Police Court on charges of minor nature, was arrested last night for disturbing the peace.

It appears that he went to the home of William H. Martin at 713 Sixth street and created a disturbance. It is not believed, however, that a complaint will be filed against Siteware, as Martin is himself wanted by the police. In the Police Court this morning the trial of Siteware was continued till tomorrow.

ACHESON CASE.

The case of W. J. Acheson, who has been convicted of selling liquor within one mile of the State University at Berkeley, was to have come up in Judge Melvin's court this morning, but was continued until the 25th to be set.

Death due to pneumonia was the verdict of the Coroner's jury in the case of George Fraters, the infant who died suddenly Monday at the home of his parents in West Oakland.

THE SALLIERS CHARGE FRAUD.

SWEAR THEY WERE HOODWINKED INTO SIGNING A SUBSTITUTED DOCUMENT.

Judge Hall is engaged today in trying to straighten out a tangle which is the outgrowth of an attempt to purchase and control the Winsor House at the southwest corner of Ninth and Washington streets, by Mr. and Mrs. George Sallier, in October of last year. One hundred dollars which they advanced for the purpose is still held in escrow by Max Marcuse, and a note and mortgage given by Sallier and his wife are still in the hands of C. J. Haase, who, with the Donald Investment Company is made a defendant. In the making of the note and mortgage, Sallier says he signed the document without reading it, supposing it to be simply a contract to pay off the purchase price in installments of $50 every month until $2,000 should be paid, with interest at 2 per cent per month. Sallier alleges that fraud was practiced in the substitution of a printed blank and mortgage of the Investment Company in question. He demands the restoration of the money advanced, and $500 damages for loss of time and injury by the mortgaging of Berkeley property in order to obtain some of the money with which to purchase the hotel. Sallier also alleges that Haase produced a document which purports to be a receipt of Thomas Jones, proprietor of the hotel, for $200, when, in fact, he (Sallier), furnished Haase only $100 to be paid as partial payment to Jones. He declares that this receipt was fraudulent and intended to misrepresent and injure him.

The Donald Investment Company agreed to furnish Sallier with $2,000 to apply to the purchase price of the hotel, provided Sallier could add $1,200 to it.

Sallier mortgaged his property in Berkeley for $1,200, deposited the sum with the Oakland Abstract Company, who was to turn it over to the Donald Investment Company, by which concern the sum of $3,200 was then to be paid to Jones for the hotel, Haase and the company to be paid off at the rate of $50 per month.

Max Marcuse testified to this state of facts today. He also said that Jones declared the negotiation off, on the 17th of last October, and refunded the money paid. It was agreed between Jones and Haase that the witness should hold the money for a day or so, when Haase promised to return the Jones receipt. The receipt has not yet been returned.

E. J. Flannigan and D. Mitchell appear for the Salliers.

THE SLOT CASE WAS DISMISSED.

San Jose Herald, March 15th.

Herewith are the names and occupations of the jurors selected this morning before Justice Rosenthal to pass judgment on the case against Joseph Russ, charged, in a complaint sworn to by Sheriff Langford, with gaming, or more specifically said, privileging nickel in the slot machines, at a place known as the Golden West hotel, situated on the Alameda and conducted by the defendant:

W. J. Marcum, attorney at law; F. Edmundson, retired capitalist; C. F. Willey, painter; F. M. Bargas, contractor and builder; Thomas Rea, collector; H. Norris, identified with William Osterman in the grain business; J. W. Gilkyson, manager of the local telephone system; Louis Bodelle, brick mason; L. Schloss, real estate agent; Eugent Prindiville, plumber; and H. K. Stahl, real estate agent—eleven in all.

It was decided upon the exhaustion of a venire of some twenty names, counsel for both sides agreeing, to go to trial with a short" jury. Deputy District Attorney Coolidge is representing the people at the hearing. Louis Oneal is attorney for the defendant.

No testimony was taken and a motion to dismiss, on account of a defect in the complaint, was granted.

SAMPSON IS CHARGED WITH WIFE BEATING.

Edward Sampson, a cook formerly employed by Clem Martin on Washington street, was arrested yesterday on a complaint of his wife, who accused him of battery. Mrs. Sampson declares that her husband returned home in an ugly temper and for no apparent reason struck her.

There was no complaint against him in the Police Court this morning, and the case was continued until tomorrow. Sampson has been released on a bond of $100, furnished by G. Becket and R. L. Lenz.

COUNTESS CAN HAVE HER RIGHTS

SHE GETS A JUDGMENT FOR RESTITUTION OF CONJUGAL RIGHTS.

LONDON, Mar. 19.—The divorce court today granted the Countess De La Warr a decree providing for the restitution of her conjugal rights. The case was not defended.

Counsel for the Countess told how the De La Warrs visited South Africa in 1899 and returned in 1900, since when their relations had been most unhappy. Last June the respondent left the family mansion and had not since lived with his wife.

In December the Countess wrote to "My Dear Cantelupe," inviting him to return and restore her all her widely rights. The Earl's reply was prompt and uncompromising.

"My Dear Marie," it began, "I have come to the conclusion it will be much better if we live apart, and I have finally decided not to return and live with you. I have no explanations to give or reasons for my decision."

The Countess went into the witness box and gave just sufficient evidence of her husband's desertion to justify a decree for the restitution of her conjugal rights.

The Countess De La Warr is a daughter of Lord Brassey. She was born in 1872. Earl De La Warr was prominent in the Hoyer Company promotions, which caused financial sensations in London some years ago. He was born in 1869.

ABDUCTOR LEWIS HELD TO ANSWER

This morning Justice Quinn held F. K. Lewis to answer in the Superior Court on the charge of abducting a girl for immoral purposes. His bail was set at $5,000.

Detectives Holland and Shorey told of Lewis' conversation with them shortly after his arrest. He said that as the girl was of a wild nature he had placed her in a house of ill fame thinking that such was the best plan to pursue. The defense brought up the point of jurisdiction, but it was overruled.

Call for "Priest's Napa." It is the best. 380 Thirteenth street. Telephone John 836.

GRANDFATHER'S CIDER.

You can talk about the fluffy, puffy bread
as white as snow,
The apple tarts and golden marmalade,
The pumpkin pies of monstrous size all
shinin' in a row,
An' various other things that "mother
made";
But, as in vivid retrospection, I live once
again the past,
There is one thing from me naught can
ever take—
Its pleasant recollection (in its spell it
binds me fast)
Of the apple cider grandad used to
make.

I remember—I remember long ago when
life was sweet,
An' we'd gather round the fireplace at
night,
As we'd pile the logs on higher keepin' up
a roarin' fire,
An' we all would scrooch up close—my,
'twas a sight!
Then we'd roast a cup of chestnuts while
the old folks told us tales,
An' we'd round off with a monstrous
chunk o' cake;
Then we'd all look sort o' solemn like we
ortent, but we did
Drink the apple cider grandad used to
make. —Atlanta Constitution.

INTENSE SUFFERING

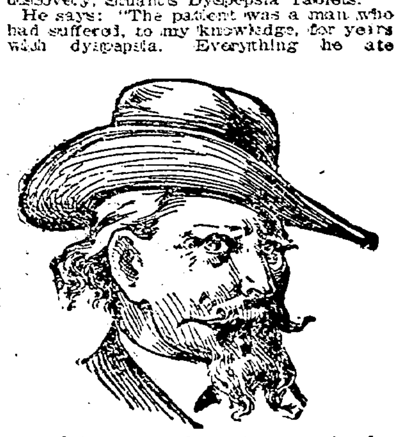

FROM DYSPEPSIA AND STOMACH TROUBLE.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable case of acute stomach trouble and chronic dyspepsia cured by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything he ate

seemed to sour and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50 cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

THEY ARE AFTER CONSUL HOW YOW

Highbinders on the Trail of One of Their Leaders.

SAN FRANCISCO, March 19.—A series of loud reports as if from a rapid-fire pistol, threw a large audience at the Jackson-street Chinese Theater into a wild commotion last night and sent the bodyguards of Ho Yow, the Imperial Chinese Consul, scurrying in every direction to apprehend the highbinders who started the row and insure the speedy and safe exit of their party.

It was discovered that giant firecrackers had been tossed into the wings of the theater where Ho Yow was supposed to be occupying a seat with friends, and coming on the heels of the vicious attack made upon the consul last Saturday night, the affair has given rise to the report that Ho Yow is not safe among his people. It is common gossip in Chinatown this morning that the next demonstration will be made with leaden bullets instead of firecrackers, if Ho Yow does not instantly rescind an instruction he is believed to have given the theater managers to dispense with a free list of eight hundred names, all of whom are well-known tongmen.

WOULDN'T BELIEVE CHINESE ON OATH

A surprising lack of confidence in the Chinese character was developed in the Police Court this morning in the trial of Ah Gee, a Chinese accused of selling lottery tickets.

C. Wagner started the ball rolling with an emphatic declaration that he wouldn't believe a Chinese under oath, and other merchants, who had been taken from their respective places of business to serve on the jury found the declaration an excellent loophole of escape.

After Wagner had been excused for actual bias Walter Meese was questioned.

"Is there any reason why you couldn't give the defendant a fair and impartial trial?" asked Prosecuting Attorney Leach.

"Nothing except that I wouldn't believe a Chinese under oath," said Meese with a smile.

"Would you feel that way no matter who the individual Chinese was?" asked Leach.

"Wouldn't make any difference so long as he was a Chinese, I wouldn't believe him under any circumstances."

Acting Police Judge Stetson upon motion of Attorney W. H. O'Brien excused Meese for bias. Others who had no faith whatever in the veracity of Chinese were W. G. Needham, who qualified his statement by saying to believe a Chinese he would have to have known him from infancy. B. O. George, who was enroute to a funeral when he was summoned.

Of the first twenty-four names called, only four jurors were secured. They were Mel Tobriner, W. Webb, H. E. Jeffrey and C. R. Hildebrand.

IT MAY BE A CLEW TO TRAGEDY

Baby Carriage Is Found in the Bay of San Francisco.

SAN FRANCISCO, Mar. 19.—An abandoned baby carriage found today on the float at the Clay street wharf may be the clew to another tragedy. Did a mother, sick and despairing, drown herself and infant child? Though so far the police have not been able to verify that suspicion, they are convinced that some tragedy is connected with the little carriage. Inside the little vehicle are several articles of infant's clothing and some playthings and also a torn picture book. This book furnishes the only clew to the identity of the buggy's owner. On the fly leaf are the words "Vera Beatrice Digandist." The name does not appear in the directory.

MERCHANTS PLAN FOR A GLORIOUS FOURTH.

Exchange Will Have One of the Largest Celebrations in the History of the City.

Oakland will have another public observance of the Fourth of July this year, and the observance will be on a scale even greater than that of last year. It will have a parade, a barbecue for those who take part, a rowing regatta on Lake Merrit and a carnival in the evening with novelties which will attract strangers from far and wide.

This was the decision arrived at by the Merchants' Exchange last evening. The subject was introduced by T. H. Bell, treasurer of the Alameda Boat Club, who desired to be early informed on the question, more especially with the possibility of having a regatta on the lake, so that the boating clubs along the coast could be ready for the event.

It was Mr. Bell who suggested the holding of the regatta here last year, and who showed the possibilities of Lake Merritt as a regatta course. He goes farther this year than he did last year, and declares that Lake Merritt has now the best regatta course on the Pacific Coast.

Some time was given to the discussion of the proposition, after which the holding of a celebration was decided upon by a unanimous vote and with great enthusiasm.

THE ATTENDANCE.

There were present Directors Brown, Arper, Williams, Lea, Gier, Walker, Sohst, Sinclair, Cushing, Champlin, Jonas, Briare and several others.

C. H. Smith, president of the Alameda Boat Club, W. B. Hinchman, secretary, and Alexander H. Bell, treasurer of the same organization, were received as visitors.

INFORMATION BUREAU.

The Secretary stated that he and Director Briare had visited the Information Bureau of the Southern Pacific and Santa Fe Friday last. There were four clerks busy answering inquiries of people who wanted to learn about the advantages of various places in the State. During the visit six hundred people must have passed though the place. They had found a number of pamphlets advertising various cities and counties in the State, but there was nothing there showing up the advantages of Alameda county. The Information Bureau estimated that, during the next four months, there would be 50,000 strangers in San Francisco because of the reduced railroad fares. Cutting that number in two, it would be safe to say that 5,000 of these would come to Oakland and of that number some could be induced to remain.

SUMMER VACATION.

Chairman Jones of the Vacation Committee said that the Board of Education had decided to begin the school vacation this year one week later than it has begun formerly. That was all the committe could do at this time. Next year, something more could be accomplished.

Mr. Jonas suggested that committee be discharged. On motion of Mr. Brown *the committee was discharged* with thanks.

LESSON IN PATRIOTISM.

Commenting on the work of the committee, Mr. Arper said that when the Exchange was soliciting suggscriptions for the celebration of July 4th, they found many people who refused to subscribe because they were going away *to the country to spend their* vacation. The children were taken away and were unable to see a celebration of the anniversary of national independence. The weather was generally inclement and a large class of people were taken away from the patronage of the loyal merchants. The committee had done good work, enabling thousands of children to spend July 4th in town, and receive a lesson in patriotism which would be a benefit to them after their school year. The country would thus be assured of honest men, honest citizens and good soldiers for the preservation of the nation.

OAKLAND PANORAMA.

The Board of Trade invited members of the Exchange to view a panorama of Oakland which is now in the rooms of the Board of Trade.

The communication was filed.

METCALF AND PURE FOOD.

The following self-explanatory communication from Congressman Metcalf was read and filed:

"House of Representatives, U. S., Washington, D. C., March 4.—Mr. Arthur Walker, Merchants' Exchange, Oakland, Cal.—I beg to acknowledge yours of the 25th ultimo, and, in answer to it, say that any bill looking to the prevention of adulteration of our food products will receive my most cordial support.

"Please accept my sincere thanks for your kindly expressions of good will and believe me, Sincerely yours,

"V. H. METCALF."

WORLD'S FAIR.

Secretary Walker read a letter from Ernest E. Wood chairman of the California Auxiliary Committee of the World's Fair at St. Louis. It showed, among other things, that many counties in this State had taken steps toward having exhibits at the fair.

Another letter bearing upon the question of county and State appropriations toward a display at the fair in question was read.

It set forth that Los Angeles had appropriated $10,000 for an exhibit and that it was the intention of the management to induce other counties to make similar appropriations and then going before the Legislature next winter, and getting an appropriation for a State exhibit, equal to the full amount subscribed by the counties.

The documents were filed.

PRISON LABOR.

A communication was received from the Alameda County Federated Trades council opposing the placing of prison *labor in competition with that of hon*est labor and commending the Exchange for its stand in opposition to the importation of Chinese laborers.

STEEL PLANT.

President Sohst named Messrs. Gier, Wellbye, Arper, Cushing and Walker to act in unison with a similar committee of the Board of Trade to raise subscriptions for the proposed steel plant in East Oakland.

Mr. Arper declined the appointment on the ground that he did not have time to serve.

President Sohst then named David Sinclair to serve instead of Mr. Arper.

Mr. Cushing also declined to act on the ground that he could not spare the time necessary to serve on the committee.

R. M. Briare was named in place of Mr. Cushing, and he, too, declined for the same reason.

A. Jonas was then named and accepted the appointment.

ADVANTAGES EXPECTED.

S. S. Austin, who favors the proposed steel plant, was called upon and said that he had raised $9,600 and the needed only $400 more to make up $10,000 of the $20,000 sought. He thought he knew where he could raise that sum. He had had some experience in steel works. At one time Pueblo was the deadest town in Colorado. The Bessemer Steel Works came along. It wanted thirty acres of land and the people bought land and gave it to the concern. When he left Colorado sixteen years ago the Bessemer Steel Plant was paying $65,000 a month to its employes.

A. H. Bell said that it was paying $150,000 per month at the present time.

Mr. Austin said that he had volunteered, if the steel company wanted a bonus of $20,000 *to locate a steel plant in East Oak*land, to raise one-half that amount himself. It was necessary that something should be done to help to give life to the city. Pueblo today, as a consequence of its steel works, was the liveliest place in Colorado outside Denver.

CHEAP FUEL.

Mr. Chown said that the reason it was proposed to start the steel plant here was the cheap rate of oil for fuel, which would enable them to manufacture iron here as cheaply as in Pittsburg. That meant a great deal for Oakland. The plant could ship to all Eastern countries and avoid the heavy freight rates now paid from the East.

COMING OF THE SANTA FE.

Secretary Walker said that the City Council had deferred action on the application for a franchise for the Santa Fe to come to this city until Thursday next, when Captain Payson, representing the road, would appear before the body.

BERKELEY WILLING.

Director Gier said that Trustee Barker of Berkeley had said that the Board of Trustees of that place had decided to grant the request of the Santa Fe for a franchise through that town.

A. H. Bell substantiated what Mr. Austin had said about the building up of Pueblo by the Bessemer Steel Plant.

GLORIOUS FOURTH.

He then asked if Oakland was going to have a celebration on July 4th, and if so, was there to be anything on Lake Merritt? When the subject of a regatta on Lake Merritt was first mentioned, men said that the boats would get stuck in the mud. Today it was a fact that Lake Merritt was the best boating course on the coast. At El Campo a squall was likely to come up on July 4th. In other places the Santa Fe had built trestles over the courses. Already the Portland and other clubs up north were getting ready for the regatta. The display this year would be as far ahead of that of last year as that of last year was ahead of what was then anticipated. The 20,000 people who witnessed the regatta last year could be increased to 100,000 as easily as not. The question now was, Was there going to be a celebration in Oakland this year? Last year the people were given a fine celebration and when that was the case the people could be expected to give their support again.

THINK IT OVER.

C. H. Smith of Alameda said that if the Exchange could not give an immediate answer, the secretary could inform the Boat Club of the decision later.

Mr. Gier said a good thing might be overdone. Before making a motion to the effect that a celebration would be held, he would ask members to consider the subject and to ascertain from their neighbors and business men as to whether they would like to have a celebration and whether they would be pleased to work with such an end in view. He would like to hear from members later.

President Sohst referred the subject to *the members for their consideration.*

Secretary Walker said in such cases the work always devolved upon a few. Last year, those few were backed up by the citizens. It was, however, a question as to whether there ought to be a celebration of the Fourth of July this year.

JONAS FAVORS A FEST.

A. Jonas said he thought they ought to go ahead and hold a celebration on the Fourth of July. He felt that the chairman ought to appoint a committee and have them report immediately on the subject. Last year it was understood that there would be an annual celebration of the Fourth of July in this city. There had been a deferring of the opening of the school vacation so as to interest the children in the display. There ought to be a celebration, and he was decidedly in favor of it.

MAY BE TOO EARLY.

Secretary Walker said he thought enthusiasm was necessary to make such an undertaking a success, and he felt it would be difficult to arouse enthusiasm on such a subject in March.

Mr. Bell said he agreed with Mr. Gier that it would be advisable to consider the matter. He did not think it would be advisable to begin preparations now, but he simply desired that some intimation *should be given to the boatmen to enable* them to know whether or not there was going to be a celebration and whether there was to be a regatta on the lake.

D. C. BROWN PROMISES.

D. C. Brown spoke encouragingly of the work done by Director Gier and other members last year and said that he would say to the gentlemen from Alameda that there would be a Fourth of July celebration here.

Director Gier said that if there was to be a celebration here on that day, there would also be a regatta on the lake.

This was greeted with applause.

SOHST ENTHUSIASTIC.

President Sohst said that the last celebration of the Fourth of July was the best the town ever had. He was president of the Exchange at the time and, this year, would be succeeded by Mr. Gier, now vice-president, and Mr. Gier would make the celebration greater than even that of last year.

LOSS IN DELAY.

H. Williams said it had been urged, last year, that the arranging of the celebration should begin as early as possible. Last year soldiers could not be got and boats could not be got because the work began too late.

OAKLAND A CITY.

G. W. Arper said Oakland was no longer a sleeping chamber of San Francisco. It was no longer a village. It was no longer a place for the rounding up of cattle. It was a city and it had to take on the ways of a city. He thought the idea should go out that there was to be a celebration, and that the ways and means should be considered.

Director Gier said that he did not mean to say there would be no celebration, but that he hoped the members would consider the matter and report two weeks hence.

Director Arper said that last year they had lost the Alameda Company of National Guards because Napa had jumped in earlier and secured it. Home companies, too, had been invited elsewhere. Even Senator Perkins was not here at the time, because he did not know there was to be a celebration here. It was too early, of course, to begin work now, but it was not too early to have the idea go out that Oakland was to have a celebration on the Fourth of July. Thousands of people stood ready to help as *soon as they were informed that there* was to be a celebration.

GIER PROPOSES.

Theodore Gier then created enthusiasm by moving that it be the sense of the *Exchange that there be a celebration on* July Fourth, that there be a regatta on Lake Merritt, and that the president consider the appointment of a committee to have charge of the matter, at the next meeting.

The motion was carried unanimously.

STATE FAIR.

Secretary Walker brought up the question *of moving the State Fair from Sac*ramento to Oakland.

Director Williams said there were other places than Sacramento that wanted the State Fair, and Oakland ought to be one of them.

Mr. Arper said the State had expended several hundred thousand dollars for buildings and grounds of the State Fair at Sacramento, and it would be useless to hope to bring the fair here unless Oakland expended a sum equal to that which had already been expended in providing the present quarters of the fair.

Secretary Walker announced that the Exchange was always pleased to have strangers attend its meetings.

Adjourned.

AMUSEMENTS.

There are many wonderfully pretty speeches in Clyde Fitch's great war drama, "Barbara Frietchie" in which Mr. James Neill and the Neill Company will be seen in this city this evening at the Macdonough Theater. In the third act Barbara has concealed her wounded Northern lover, Captain Trumbull in her father's house. Trumbull has been shot by Barbara's own brother and her father wishes to carry his hatred for the North so far as to order the dying Trumbull out into the street, when his daughter pleads with him in the following language:

"Don't you remember what you said to me a little while ago? I can see the picture, if you can't. The big, old rosewood bed we all of us knew as mother's—I can see her sweet, pale face on the great pillow. I can see your father bending over her with a tiny bundle in your arms. I see you place me—oh so gently!—in those dear thin hands. I hear you whisper, "Barbara, here's your daughter!" and I see her smile up at you through tears and say: 'Make her as happy as you've made me! Father, my only happiness, all *the joy there can be for me in this* world, depends on the life of that man upstairs.' Send him out to die in our streets. You break my heart and damn my soul, for if merciful death shouldn't *come to me, I swear to you before* heaven, I'll go myself to meet death."

THE DEWEY.

No finer or more thrilling scene was ever produced in any theater in this city than that in which the inferno is represented in "Faust" at the Dewey this week. It is filled with hooting owls, hissing serpents, abandoned souls, purpling flames, shooting lances of light and fumes from the subterranean abode of the lost. This scene alone is worth the price of admission, but it is only one of many scenes which are perfect in themselves in this great production.

PECK'S BROADWAY.

At Peck's Broadway Theater every night the management is giving a performance which is captivating the people. The place is packed nightly and the applause which greets every performer is of the heartiest order. The performers are always of the best in their respective lines who can be secured, and they never fail to score a great hit. The *same bill* will be presented all this week.

BISHOP NICHOLS CONFIRMS A CLASS

Impressive Services Held at Trinity Episcopal Church Last Evening.

At Trinity Episcopal Church last evening Right Rev. William Ford Nichols, Bishop of California, confirmed a class of thirteen.

The service was read by the Rev. John Bakewell, rector of the parish. The Bishop preached the sermon. He said in part:

"The confirmations in this parish have for years past been in the Easter season. Now it is in the somber season of Lent. This change suggests the thought I would leave with you. Then it was in the midst of a profusion of spring flowers—a glad festival. Tonight it is in the midst of Calvary's thorns. It suggests the bearing of a cross. We are signed with the sign of the cross, the token of our salvation.

"Are we never ashamed of bearing our cross? Do we keep our Lent? Do we keep out of the world, and are we the church's own children, brave enough to say that we, who have been signed with the sign of the cross, in token that we are Christ's faithful soldiers and servants, keeping close to Him during His passion?

"The cross on your brow means that you will be strengthened to bear life's burdens. Take with you the thought of what your vows made at His altar tonight mean, and may the Lord bless you and keep you; may He lift up His countenance upon you and give you peace both now and evermore."

COUNCILMAN WALLACE DELIVERS A LECTURE.

Would Cut Down the Number of Saloons and Improve the Streets.

Prof. J. T. Wallace, Councilman from the Seventh Ward and a teacher in the California Baptist College, addressed the Pilgrim Brotherhood in the Pilgrim Congregational Church last evening, on the subject, "Does It Pay to Be Honest in Municipal Affairs?"

In discussing the affairs he said that a better class of citizens ought to be elected to office. He said:

"One of the great troubles with this city is that the best men will not take office. More than once the Mayoralty has gone begging. No man is too good for that office. It is not too much of a sacrifice for any of our best citizens to accept office. The influence of the voters should be brought to bear on the solid citizens to get them to serve and administer affairs honestly.

"There are too many saloons in this city. The number ought to be reduced to 100 and the license increased. The streets are a disgrace to the city and they ought to be improved, but of course that is a matter that takes time and money."

"We have examples of the reactionary effect of dishonesty in municipal affairs in the case of some former Councilmen. They deceived their constituents by arbitrarily raising the water rates, and their constituents chased them around the streets. They might have been hanged to the nearest lamp post. It didn't pay them to be dishonest.

"I have great faith in the future of this city, but there are some things we need. A municipal water supply, for instance. I am sure we are paying twice as much for water than if we had our own supply. I think it possible to establish municipal ownership. The Contra Costa people would persuade us that we live in a desert and that they have a monopoly of the supply, but there's an abundance. We ought to elect men at the next campaign pledged to buy us a water plant."

STIRRING EVENTS AT THE STATE UNIVERSITY.

LATEST NEWS FROM THE SEAT OF LEARNING IN THE COLLEGE TOWN.

BERKELEY, March 19.—The Eastern track team candidates have taken well to the hard training imposed a week ago by Trainer Christie, and it is intimated *that several surprises are in store.*

It would not be surprising if two world's records were broken by Plaw in the intercollegiate contest with Stanford.

Within the last few days Plaw regained his best form in the hammer throw, and had been daily tossing it far enough to break his own official record of 161 feet by at least 10 feet.

In the shot-put, what Plaw can really do is probably only known to himself and Trainer Christie.

He put the 16-pound shot 44 feet 4 inches with considerable ease, and at that time it was authoritatively stated that he had put the shot 47 feet in practice.

If he is able to better this mark by a few inches he will be the possessor of another world's record.

Heretofore Plaw has performed rather inconsistently in competition, failing to do as good as he has done in practice in many instances, but as he has shown an inclination to train faithfully, his work in contest is expected to be fully up to his standard in practice.

BASEBALL IS AGAIN DELAYED BY THE RAIN.

BERKELEY, March 19.—Just as the 'Varsity nine was beginning to congratulate itself upon a season of uninterrupted *practice, which would mean the per*fection of the team work, the rain came, and will delay practice for another period.

The intercollegiate games are now but little more than three weeks off, and everyone feels the need of hard and faithful work on the part of the 'Varsity nine.

It is possible that the games scheduled with the San Francisco professional players may have to be postponed. The 'Varsity nine has only participated in four practice games since the opening of the season, and this amount of work is hardly deemed sufficient to enter the series of intercollegiate games.

The only consolation Trainer Christie has is the fact that the 'Varsity men are old players, while the *Stanford* nine is comprised of much new material.

ANOTHER NOONDAY CONCERT TO BE GIVEN FRIDAY.

BERKELEY, March 19.—Next to the last of the noon-day concerts, which have been conducted under the auspices of the Associated Women Students, will be given at Hearst Hall next Friday.

These concerts have formed quite a part of the social life of the students, and it is anticipated that the last two will be unusually well attended.

The invitation extends to men and girl students. Refreshments will be served after the program.

FRESHMAN CANDIDATES FOR FIELD DAY ARE IN TRAINING.

BERKELEY, March 19.—Among the Freshman candidates for athletic honors in the Sophomore-Freshman meet next Saturday is Cooly, who is expected to carry off the honors in the 16-pound shot. Although of rather slight build, he manages to put the leaden sphere a distance of over 40 feet, which for a Freshman is considered a remarkably *good effort.*

While Cooly can hardly be expected to be a successor of Plaw, his first year's performances certainly entitle him to consideration from the hands of any other of the class men.

As yet there have been no prominent candidates developed for the sprints. Ten and three-fifths seconds will probably win the 100-yard event, and corresponding time in the 220-yard dash will probably also win that event.

In the distance runs there are one or two men of fair promise, but what they can actually do will not be known until they are tried out in actual contest.

WILL INVESTIGATE THE COLORADO DESERT.

BERKELEY, March 19.—J. B. Davy of the Botanical department of the University, left *yesterday on a trip to the* Colorado desert, where he will investigate the peculiar conditions existing there. Mr. Davy's investigations and collection of specimens will extend over a period of two weeks. He will visit the New Imperial Colony and vicinity.

STUDENTS ARE PREPARING FOR CHESS TOURNAMENT.

BERKELEY, March 19.—Considerable interest is being taken by the University students in the coming chess tournament with Stanford. Seventeen candidates have presented themselves and will shortly begin a series of games to decide who *will represent the University in the* intercollegiate contest.

Among the seventeen entries already announced, there is said to be some very good players, and the preliminary games are certain to be of interest to the lovers of chess.

DELEGATES ARE SELECTED TO REPRESENT UNIVERSITY.

BERKELEY, March 19.—The University of California will be represented at the National Confederation of Women's Clubs which will convene in Los Angeles about May 1, by Miss Lucile Turner and Miss Evelyn Baugh. A delegation will also be sent by the Young Women's Parliamentary Club, through the generosity of Mrs. Hearst.

CERRITO CIRCLE INSTALLS OFFICERS FOR THE YEAR.

BERKELEY, March 19.—The Cerrito Circle of the Women of Woodcraft have installed the following officers for the ensuing year: Past guardian neighbor, Mrs. I. Wolf; guardian neighbor, Mrs. Thelse; advisor, Mrs. Marshal; magician, Mrs. Hughes; banker, Miss L. Cruz; clerk, Miss A. Neuwirth; attendant, Mrs. Garland; inner sentinel, Mrs. Neuwirth; outer sentinel, Miss Lain.

CIRCUS COMMITTEES MEET AND ARRANGE NEW DETAILS.

BERKELEY, March 19.—At a meeting of the Sophomore Circus Committee yesterday, several new features were suggested for making the show a complete success. One of the features will be what is styled the Oriental Union, which will consist of a picturesque reproduction of a Japanese tea garden, and feats in Japanese sword juggling. The sword juggler will be one of the Japanese students.

The young women of the class will officiate at the refreshment booths.

The principal features up to date are a bull fight, regulation circus stunts, boxing, wrestling, a relay race and side shows galore.

Enthusiasm is beginning to manifest itself in the student body, and a large sum is expected to be raised to defray the expenses of the Eastern track team.

STUDENTS WILL STUDY CARMELO BAY FORMATIONS.

BERKELEY, March 19.—Thirty University students, under the direction of Professor Andrew C. Lawson, will make a geological expedition to Carmelo Bay, Monterey county, to study the formations of the coast at that point. The trip will extend over a period of a week. As that district is prolific in interesting conditions and formations, a very successful trip from a scientific point of view is anticipated.

MORMON CHOIR WILL APPEAR AT STANFORD.

BERKELEY, March 19.—The Mormon Choir of the Salt Lake Tabernacle, which gave such a highly successful concert at the University yesterday afternoon, fully 3,500 people crowding into Harmon Gymnasium to hear them, left for the South today.

Tomorrow the Stanford students will be given the opportunity to listen to the rare musical treat.

FRESHMAN TRY OUT WAS POSTPONED YESTERDAY.

BERKELEY, March 19.—The try-out of the Freshmen relay team, which is to be pitted against the Sophomore runners next Saturday, was *postponed* yesterday on account of the rain.

NORTH PACIFIC OCEAN SUPPLIES RARE CURIOSITIES.

BERKELEY, March 19.—The Zoological Department has just received an assignment of Solpae and Ascidians taken from the North Pacific Ocean. Professor Ritter will make a report to the Government on them.

MRS. COHEN CAN HOLD HER PROPERTY

Says the Canal Condemnation in One Regard Is Not Legal.

Judge Morrow in the United States Circuit Court yesterday decided that the restraining order issued some time ago against the Atlantic, Gulf and Pacific Company on the complaint of Mrs. Emile G. Cohen should be allowed to stand. She claims that land owned by her in Alameda county since 1860 was covered by the condemnation suits brought in 1882 and decided two years later to secure a right of way for the Alameda tidal canal and that Alfred A. Cohen, her husband, was made a party instead of herself. She alleges that her husband had no title to the land, it being vested in her, and that the condemnation, as far as her property was concerned, is illegal. It is expected that the Government will reach some compromise with Mrs. Cohen before the contractors are ready to excavate through her property and that the restraining order will be dissolved before the work is delayed materially.

CARRIED HIS PACKAGE BEFORE THE JUDGE.

John Lundin, a cook, appeared intoxicated in the Police Court yesterday afternoon to answer to a charge of drunkenness, to which he pleaded not guilty the day before. He was in such a deplorable state of intoxication that Judge Smith fined him $10, in lieu of which he went to jail for five days.

When the case was called in the afternoon, Attorney H. Wise appeared for Lundin and asked for leniency on the ground that it was his first offense.

"Why, he's drunk now," said Judge Smith, "I can see no occasion of being lenient in his case," and Lundin was escorted to the tanks below by Policeman Mackay.

When Lundin was arrested Perry Conwell furnished his bail of $6 and advanced him $1.50 beside. Yesterday Lundin wrote to Conwell that he would not repay the money, because his arrest had been unjust, and it will therefore probably be difficult for him to find a friend to pay his fine.

BREKELEY MAN DROPPED DEAD WHILE AT WORK.

Manuel Manselli, a sailor employed on the steamship Umatilla, died suddenly while loading the ship at Victoria last Saturday afternoon. He was about 32 years of age and had been empolyed by the company for a number of years. While working on the dock at Victoria he dropped and expired within a few minutes. Heart failure was the cause of his death. His wife, who lives at Berkeley, was at once notified of the death. When the Umatilla arrived in Port yesterday morning the widow was at the dock awaiting the body, which was brought here on the ship. The remains were taken in charge by a lodge of Foresters, of which the deceased was a member.

EMERYVILLE WATER RATES.

The Emeryville Trustees have not as yet fixed the water rates for the ensuing year, but it is expected that the ordinance as suggested by Mr. Adams will be acted upon at the next meeting of the Trustees. The proposed ordinance is a duplicate of the one in vogue at the present time, with the exception that the meter rates are materially increased. There are, it is said, but two concerns in the town that use water to any extent by meter now. They are the Judson Iron Works and the race track.

OLD RAFFLE TRICK WORKED AT THE POINT.

RAILWAY EMPLOYES ARE BUNCOED BY A SMOOTH FELLOW.

The employes at the railroad yards had a lovely gold brick passed up to them in the shape of an automobile raffle. A young man most highly gifted with persuasive powers circulated among the men disposing of bits of card board at a $1 per. The holder of the winning number was to own a $2,000 automobile surrey. As he was an ex-employe himself, the boys showed him that their hearts were in the right place and he had no difficulty in disposing of a great number of tickets.

In order to increase his sales, he would, at the noon hour, drive up in the automobile and run races with the switch engine and many of the ticket holders as they watched the wheels go around, pictured themselves coming to work in a $2,000 auto.

But they still walk to work, as the auto no longer whisks around corners nor does the persuasive youth sit on the front seat, for it develops that he had purchased the machine on the installment plan, but had neglected to make regular payments. So the cruel auto company interfered and the youth has changed his address for parts unknown. So the railroad employes are still pedestrians.

Had to Cut an Outlet.

The railroad company have found it necessary to cut an outlet where they are filling in at the pier in order to drain off the water. It was found that there was so much water in the fill that the embankment became so soft that it would not hold the weight that was required of it.

Big Fall at Port Costa.

The company have their largest steam shovel at Benicia where they are filling in a pier where the Solano lands. It will probably extend 400 feet from the shore. It is the intention of the company to do away with trestles wherever it is possible to do so.

The gravel crew will go to work again. They have been waiting for the pit at Remillard to dry so as the gravel could be handled.

The oil tank is now being filled. This tank is exceptionally large, holding 20,000 barrels of oil.
